iMovie automatically saves your project
1. Begin by opening the **Hard Drive** located on the desktop of the computer you are using.
2. Next, open the **Users folder** as indicated in yellow in figure 1 below.
3. Look for your BGSU “**User Name**” and click on it.
4. Click on the **Movies** folder.
5. You should now see the iMovie Library and the iMovie Theater.
6. Click and drag these two folders to your flash drive.

When moving your files to another computer:
1. Open your flash drive.
2. Locate your files.
3. Click the **iMovie Library** and **iMovie Theater** files and drag them into the **Movies** folder located under your BGSU User Name folder under the users folder in the hard drive.
