## GIVING TO NIOT BG

NIOT BG can now accept tax-deductible donations and contributions. We have been able to open a formal account through the BGSU Foundation. This will allow individuals and others to donate and contribute funds specifically for NIOT BG initiatives. We also understand that some members of the community may feel uncomfortable in donating funds to a BGSU account. We are working on finalizing an account with the BG Community Foundation and hope to have those details available this summer.

Information about Giving to NIOT BG is now available on the website: [www.bgsu.edu/notinourtown](http://www.bgsu.edu/notinourtown). Please consider making a gift today.

## Call for Poster Presentations

### **1<sup>st</sup> Annual Undergraduate Symposium on Diversity (USD) – Opportunities and Challenges for the Inclusion of Diversity in Higher Education and Society**

**January 13, 2016 in the Ballroom of BTSU**

The Center for Undergraduate Research and Scholarship (CURS) invites proposals from undergraduate students of all disciplines on the topic of cultural, ethnic, gender, and racial diversity for our inaugural Undergraduate Symposium on Diversity (USD).

This symposium offers undergraduates students the opportunity to disseminate findings on critical issues within their respective fields. We particularly welcome posters (as well as other types of displays) based on projects conducted by students in undergraduate courses on any topic related to diversity. We are, however, also looking for submissions based on research, scholarly, or creative work conducted by individual students with a faculty mentor. Both group and individual presentations will be accepted.

The top three presentations will be recognized with an award and all presentations are encouraged to be also presented at the annual BGSU Undergraduate Research Symposium to be held on April 23, 2016 in Olscamp Hall. Select presentations will also be displayed in the BTSU ballroom and/or hallways/foyers during MLK Day celebrations on January 18, 2016 (student presenters will have the option, but are not required to be present that day).

Potential topics include, but are not limited to:

- Improving local and global communities through enhancing diversity
- Identity, culture, and power in local and global spaces
- Benefits and challenges of diversity in academia
- Race still matters
- Bullying at schools
- Economic disparity in the US
- The balance of business and personal beliefs
- Shaping the future of global LGBT workplace equality and inclusion
- Continuing to build a female-friendly 21<sup>st</sup> Century

**Please forward this call for presentations to undergraduate students who may be interested in presenting at the conference as well as to faculty who may be conducting course projects related to diversity or who may be mentoring undergraduates students in this area.**

**Please indicate preliminary interest in participating at this event as soon as possible to the email address listed below. Information as to how to register for the symposium will be sent out at the start of the Fall 2015 semester.**

**Poster Proposal Submission Deadline: Tuesday, November 24, 2015.**
