Do-It-Yourself Slime

What You Need

- Corn Starch
- Water
- Food Coloring
- Cup
- Tin Pie Plate or similar
- Spoon (optional)

What To Do

1. Pour corn starch into the pie plate (half full)
2. Add food coloring to the water in the cup.
3. Mix water into corn starch. Only add enough to make it slightly runny.
4. If it’s too runny add a little corn starch.

The Science

Under pressure, this mixture behaves like a solid and when not under pressure it behaves like a liquid.
