Also present: Rodney Rogers, President; Patrick Pauken, Board Secretary; Joe Whitehead, Provost and Senior Vice President for Academic and Student Affairs; Cecilia Castellano, Vice President for Enrollment Management and Student Outcomes; Pam Conlin, Vice President for University Advancement; Sue Houston, Vice President for Partnerships and Chief of Staff; Natalie Jackson, General Counsel; Jennifer McCary, Chief Diversity and Belonging Officer; Michael Ogawa, Vice President for Research and Economic Engagement; Alex Solis, Deputy Chief of Staff and University Spokesperson; Sherideen Stoll, Vice President for Finance and Administration; and a number of observers.

Ms. Montgomery called the meeting to order at 1:35 p.m. The Board Secretary called the roll and announced that a quorum was present (seven trustees).

PRESIDENT’S REPORT

President Rodney Rogers began his remarks by reflecting on COVID’s impact. He thanked faculty and staff for their hard work to put students first. He thanked Ms. Conlin and her team on the successful conclusion of the Changing Lives for the World campaign, discussed planning for fall 2021, recognized Dr. Highhouse and Dr. Min, and noted that a new strategic plan will be rolled out in the coming weeks.

MINUTES

No. 20-2021 Mr. O’Brien moved and Ms. Eisele seconded that the minutes of December 10 and 11, 2020, meetings be approved as written.

All signified in affirmative. Motion carried.

ACADEMIC AND STUDENT AFFAIRS COMMITTEE

Ms. Eisele, Chair of the Academic and Student Affairs Committee, reported that the committee had four action items for Board consideration.

Approval of Bachelor of Science in Healthcare Administration

No. 21-2021 Ms. Eisele moved and Ms. Shore seconded that:

WHEREAS, the Department of Public and Allied Health at Bowling Green State University (BGSU) currently administers a healthcare administration specialization under its applied health science degree;

WHEREAS, based on the evolving needs of medical support and care to a wide range of populations, the Bureau of Labor Statistics (BLS), U.S. Department of Labor, projects employment growth for healthcare administration professionals to grow 18 percent from 2018 to 2028, much faster than the average for all occupations;

WHEREAS, there is a projected increase in demand for health services managers as a result of the baby-boom population needing more medical care as they age and a rising need to replace managers who retire over the next decade;

WHEREAS, as medical technologies continue to improve, demand in medical group practice management is projected to grow;

WHEREAS, widespread use of electronic health records (EHRs) will likely increase demand for managers with knowledge of health information technology (IT) and informatics systems;
WHEREAS, the range of these needs and evolving trends demonstrate a need for qualified professionals who can fill a litany of health care administration occupations;

WHEREAS, a survey of current students in BGSU’s Healthcare Specialization revealed that the majority of them would favor a specific degree in healthcare administration over the current HCA specialization;

WHEREAS, a new Bachelor of Science in Healthcare Administration (BSHCA) is being proposed;

WHEREAS, the BSHCA is designed to prepare students to work in management and administration in hospitals, clinics and other organizations providing health care services;

WHEREAS, the new degree will replace the health care administration specialization and will be aligned with Association of University Programs in Health Administration (AUPHA) national certification standards;

WHEREAS, learning outcomes for the proposed BSHCA cover areas such as the United States health care system; socio-cultural factors associated with the distribution and etiology of health and disease; management and leadership skills in planning, operations, and finance; ethics, law, and policy; health information data and technology; and social justice and health equity;

WHEREAS, the new degree will include courses from academic units across the university, including Biological Sciences and Political Science Departments, and the Schmidthorst College of Business;

WHEREAS, the degree would benefit the wider community by preparing entry-level healthcare professionals who have the appropriate knowledge, skills, and professional competencies;

WHEREAS, the BSHCA is designed to prepare students to work in management and administration in hospitals, clinics and other organizations providing health care services;

WHEREAS, their roles include aspects of finance, budgeting, billing, human resources management, facilities management, marketing, and quality measurement and improvement;

WHEREAS, in addition, holding a BSHCA will allow students to pursue further education at the graduate level;

WHEREAS, the Department of Public and Allied Health offers a Master of Health Services Administration (MHSA) degree program;

WHEREAS, the BSHCA would provide a natural feeder to the MHSA program, providing a pool of well-prepared applicants in possession of the core values and knowledge of health care administration;

WHEREAS, yearly admitted students to the new program are estimated to gradually grow in number to 35, equating to up to 140 full-time students enrolled at any one time;

WHEREAS, students currently enrolled in the specialization will have the choice to move to the new degree or continue in the specialization.

WHEREAS, once the new degree is approved then all incoming students will be required to enroll in the BSHCA; and

WHEREAS, the BGSU Faculty Senate approved the proposed Bachelor of Science in Healthcare Administration at its meeting on December 1, 2020.

NOW, THEREFORE BE IT RESOLVED, that the Bowling Green State University Board of Trustees approves the Bachelor of Science in Healthcare Administration.

All signified in affirmative. Motion carried.
Approval of Doctor of Physical Therapy

No. 22-2021 Ms. Eisele moved and Ms. Shore seconded that:

WHEREAS, according to the American Physical Therapy Association, “Physical therapy is a dynamic profession with an established theoretical and scientific base and widespread clinical applications in the restoration, maintenance, and promotion of optimal physical function”;

WHEREAS, physical therapists are leaders in the community in the fields of rehabilitation, health promotion, and wellness;

WHEREAS, projections suggest that demand for physical therapists in the United States will outstrip supply under most assumptions;

WHEREAS, demand for physical therapy will come, in part, from the large number of aging baby boomers, who are staying more active later in life than their counterparts of previous generations;

WHEREAS, more recently, there has been a rapid increase in the utilization of physical therapy services both in person and through remote technologies to manage the debilitating effects of pandemic survivors;

WHEREAS, physical therapists care for patients in hospitals, private practices, outpatient clinics, home health agencies, schools, sports and fitness facilities, work settings, and nursing homes;

WHEREAS, BGSU has partnered with Evidence in Motion (EIM) to offer a 2-year, hybrid Doctor of Physical Therapy (DPT) program;

WHEREAS, EIM’s vision is to reimagine healthcare education by reinventing how education is delivered to increase access, reduce student debt, and improve outcomes;

WHEREAS, EIM prepares healthcare professionals to be active lifelong learners who work collaboratively to deliver superior patient care and solve the most complex challenges of health care;

WHEREAS, BGSU’s program will be one of several universities in partnership with EIM, allowing BGSU to collaborate with university partners for research, scholarship of teaching and learning, and best-practice discussions;

WHEREAS, using an accelerated hybrid learning model, the two-year program combines online learning activities and interactions, hands-on laboratory immersion sessions, along with a collaborative clinical education experience;

WHEREAS, the DPT’s evidence-based curriculum is designed to progress students from foundational scientific knowledge to application, analysis, and synthesis of information using the cognitive, affective, and psychomotor domains;

WHEREAS, the 6-month terminal clinical education internship in this program prepares graduates for entry-level practice and serves as a foundation for post-professional residency opportunities in several specialties within PT practice;

WHEREAS, this flexible educational model allows students to live anywhere in the country and commute to Detroit greater metro area twice each academic term to participate in an onsite immersive laboratory experience;

WHEREAS, this model addresses many of the contemporary challenges facing physical therapy education, such as lack of qualified faculty, difficulty in scaling programs given “brick and mortar” facility constraints, demand and competition for quality clinical education sites, inability to meet the education and healthcare needs of rural communities, and the projected unsustainable cost of historical PT education models;

WHEREAS, the innovative learning experience provided by the hybrid curriculum will serve the region’s post-traditional, adult students, supporting this underserved student population and establishing BGSU as an emerging leader in health professions curricular innovation;
WHEREAS, students graduating from the program will earn the Doctor of Physical Therapy degree, which is the current standard for entry-level professional practice required for physical therapy in the United States;

WHEREAS, the Doctor of Physical Therapy program will be housed in the School of Physical Therapy, which is an administrative unit within the College of Health and Human Services of Bowling Green State University;

WHEREAS, the School of Physical Therapy will have 12 full-time faculty, 1 part-time faculty, and approximately 10 adjunct faculty to support a total of 200 students (2 cohorts) per year;

WHEREAS, the BGSU Faculty Senate approved the proposed Doctor of Physical Therapy program at its meeting on December 1, 2020.

NOW, THEREFORE BE IT RESOLVED, that the Bowling Green State University Board of Trustees approves the Doctor of Physical Therapy.

All signified in affirmative. Motion carried.

Distinguished Research Professor – Dr. Scott Highhouse

No. 23-2021 Ms. Eisele moved and Mr. Forhan seconded that:

WHEREAS, Dr. Scott Highhouse earned a bachelor’s degree from the University of Akron in 1987; and master’s and doctoral degrees in industrial-organizational psychology from the University of Missouri, Saint Louis, in 1989 and 1992, respectively;

WHEREAS, Professor Highhouse joined the faculty at Bowling Green State University in 1996 as an assistant professor in the Department of Psychology;

WHEREAS, following his promotion to Associate Professor in 1998 and Professor in 2004, he was named an Ohio Board of Regents Eminent Scholar for his noteworthy achievements in the field of Industrial/Organization (I/O) Psychology;

WHEREAS, Professor Highhouse’s research area focuses on the applying studies on judgment and decision-making to the hiring of personnel;

WHEREAS, as Chair Michael Zickar states, “he has been a fierce advocate for using objective methods to counter subjective hiring practices that bring in error and biases into the hiring process”;

WHEREAS, contributing to his field, Professor Highhouse has published 87 peer-reviewed journal articles, 16 book chapters and edited or authored 4 books;

WHEREAS, the impact of his work is reflected in his citation h-index of 49, and i10 index of 83, both in the 99th percentile of all professors in the field of psychology;

WHEREAS, these data affirm that he has regularly published in the highest visibility journals throughout his career;

WHEREAS, he is founding editor of the journal Personnel Assessment and Decisions, and he has been Associate Editor of two other journals;

WHEREAS, he has also attracted approximately $200,000 in extramural funds supporting his research activities;

WHEREAS, Dr. Highhouse is a Fellow in the Society for Industrial and Organizational Psychology, the American Psychological Association, and the Association for Psychological Science;
WHEREAS, Professor Highhouse has mentored 21 Ph.D. students, seven of whom are tenured or tenure-track faculty in psychology departments or MBA programs nationwide, and fourteen of whom are currently employed in the private sector;

WHEREAS, the external evaluators have provided additional insights into Highhouse’s outstanding career;

WHEREAS, Dr. Ann Marie Ryan, University Distinguished Professor of Psychology at Michigan State University, writes, “Dr. Highhouse is preeminent in applying decision-making research from the cognitive sciences to the applied context of personnel decisions about employees…. His work stands out as providing insight not only into what decision makers are doing in those contexts, but in how to improve their decisions”;

WHEREAS, Dr. Alicia Grandey, Liberal Arts Professor of I/O Psychology at Penn State University, provides an important perspective on the broader reach of Dr. Highhouse’s research: “I do not study the same area of research as Dr. Highhouse, and thus it might be reasonable for me not to know his specific studies. And yet, I not only know of his work, but I have used it repeatedly in my undergraduate and graduate training”;

WHEREAS, Professor Grandey adds that “I would like to point out how rare it is nowadays that a scholar stays at one university for two decades. Dr. Highhouse is an important linchpin of the BGSU I-O program and an important part of its high prestige in our field, helping recruit the best students and faculty”;

WHEREAS, the nomination of Dr. Scott Highhouse as a Distinguished Research Professor has been supported and endorsed by his department chair; his dean, Dr. Dale Klopfer; the Distinguished Research Professor Committee; the Council of Deans; and Provost and Senior Vice President for Academic and Student Affairs, Joe B. Whitehead.

THEREFORE BE IT RESOLVED, that the Bowling Green State University Board of Trustees approves the naming of Dr. Scott Highhouse as a Distinguished Research Professor.

All signified in affirmative. Motion carried.

WHEREAS, Dr. Min earned an M.S. in business administration from the University of South Carolina in 1982; and then earned a master of arts and Ph.D. in management sciences from the Ohio State University in 1986 and 1987, respectively;

WHEREAS, Professor Min joined the faculty at Bowling Green State University in 2006 as the James R. Good Chair in Global Supply Chain Strategy and as a full professor of Operations and Supply Chain Management;

WHEREAS, Dr. Min initiated breakthrough research on healthcare supply chain management, closed-loop supply chains, global logistics, supply chain technology (including artificial intelligence applications to supply chain management), supply chain risk management, and supply chain benchmarking;

WHEREAS, long before the COVID-19 outbreak, Dr. Min initiated innovative research on the control of chronic Malaria outbreaks in Sub-Saharan Africa after foreseeing the similar problems across the world;

WHEREAS, he is currently working on the surveillance, contact tracing, and medicine supply distribution associated with the COVID-19 outbreak control using Artificial Intelligence;
WHEREAS, further contributing to his field, Professor Min has published 207 peer-reviewed journal articles, 6 book chapters, 2 monographs, 51 proceedings papers and authored 3 books;

WHEREAS, the impact of his work is reflected in his citation h-index of 59, and i10 index of 143;

WHEREAS, Professor Min was identified by SCOPUS as one of the top 100,000 most influential scientists in the world (out of close to 7 million people);

WHEREAS, reflecting the respect his work has received nationwide, Professor Min has been awarded $3.3 million in extramural funds to support his scholarship;

WHEREAS, Dr. Min has made 93 peer reviewed presentations at national and international conferences, made 67 invited presentations in the practitioner-oriented professional meetings;

WHEREAS, he served as the President of the 2013-2014 Midwest Decision Sciences Institute;

WHEREAS, Dr. Min was the Editor and a Charter Member of the Editorial Advisory Board for International Journal of Logistics: Research and Applications, and serves on the editorial review board for 11 different academic journals;

WHEREAS, in 2018, he was recognized with Albert Nelson Marquis Lifetime Award for his career-long contributions to the field;

WHEREAS, Professor Ceyhun Ozgur, Research Professor of Information and Decision Sciences at Valparaiso University, states that Dr. Min was one of only ten people to be recognized as a fellow of the Midwest Decision Sciences Institute, and that his two textbooks in Supply Chain Management and his two reference books on the healthcare supply chain and business analytics are widely known and well received by his colleagues nationwide;

WHEREAS, the impact of his work on public health are congruent with BGSU’s stated commitment to serving the public good; and

WHEREAS, the nomination of Dr. Hokey Min as a Distinguished Research Professor has been supported and endorsed by his department chair, his dean, Raymond Braun; the Distinguished Research Professor Committee; the Council of Deans; and Provost and Senior Vice President for Academic and Student Affairs, Joe B. Whitehead.

THEREFORE BE IT RESOLVED, that the Bowling Green State University Board of Trustees approves the naming of Dr. Hokey Min as a Distinguished Research Professor.

WHEREAS, as a BGSU Trustee, Ms. Harter made valuable contributions to the University’s strategic plan and to the Board’s governance;

WHEREAS, Ms. Harter resigned her governor-appointed trusteeship when she relocated to Michigan for her new role; and

WHEREAS, the BGSU Board of Trustees wishes to appoint Ms. Harter to a National Trustee position, in order to continue working with Ms. Harter and to benefit from her knowledge, experience, and insight.

NOW THEREFORE BE IT RESOLVED, that the Bowling Green State University Board of Trustees, in recognition of Ms. Ava Harter’s professional credentials and accomplishments, as well as her contributions to the Bowling Green State University community, appoint Ms. Harter to a three-year term as a National Trustee, effective March 6, 2021.
The Board Secretary conducted a roll call vote with the following results: Voting “yes” – Ms. Eisele, Mr. Forhan, Mr. Martin, Ms. Montgomery, Mr. O’Brien, Dr. Ross, and Ms. Shore. The motion was approved with seven affirmative votes.

Ms. Montgomery stated that there was one additional item for Board action. Ms. Montgomery introduced Ms. Stoll to provide background on the item.

**Approval of Expanded and Restated Park Avenue Building Renovation**

No. 35-2021 Ms. Eisele moved and Mr. O’Brien seconded that:

WHEREAS, the Board of Trustees approved a proposed renovation of the Technology Building on February 22, 2019 utilizing $10,400,000 in state capital funds (HB 529); and

WHEREAS, a contractor was competitively selected following space programming and initial design work and a contract was executed; and

WHEREAS, as design work progressed the inherent physical limitations of the existing Technology building became too significant to overcome cost-effectively and the renovation was placed on hold; and

WHEREAS, on December 6, 2019 the Board of Trustees approved a modest addition (9,000-12,000 sq ft) to the Park Avenue Building to provide space for the Construction Management Program to physically join the Architecture program utilizing $5,200,000 of the previously approved funding from the Technology Building renovation described above; and

WHEREAS, as space programming work has progressed in Park Avenue, it has become evident that the initially-planned modest addition described above will be insufficient to accommodate all of the functional and instructional laboratory needs of Construction Management and an additional 10,000-13,000 square feet will be necessary to fully replace all space functions currently provided in the Technology Building; and

WHEREAS, the contractor previously selected to perform the Technology Building renovation work described above remains under contract and is prepared to perform the expanded addition and restated scope of work in the Park Avenue building within the original $10,400,000 estimate; and

WHEREAS, the Board of Trustees recognizes that the future of the Technology Building remains undetermined and unfunded at the present time; and

WHEREAS, the bidding for the sub-contracted work is expected to commence immediately upon Board of Trustees approval;

NOW, THEREFORE BE IT RESOLVED, that the Bowling Green State University Board of Trustees hereby approves the expanded and restated Park Avenue renovation as described above and confirms approval to redirect $10,400,000 previously approved for the renovation of the Technology Building to be utilized for the expanded and restated Park Avenue renovation.
