

Canvas Pilot Student Survey Results

(Excludes open ended questions and
their responses)

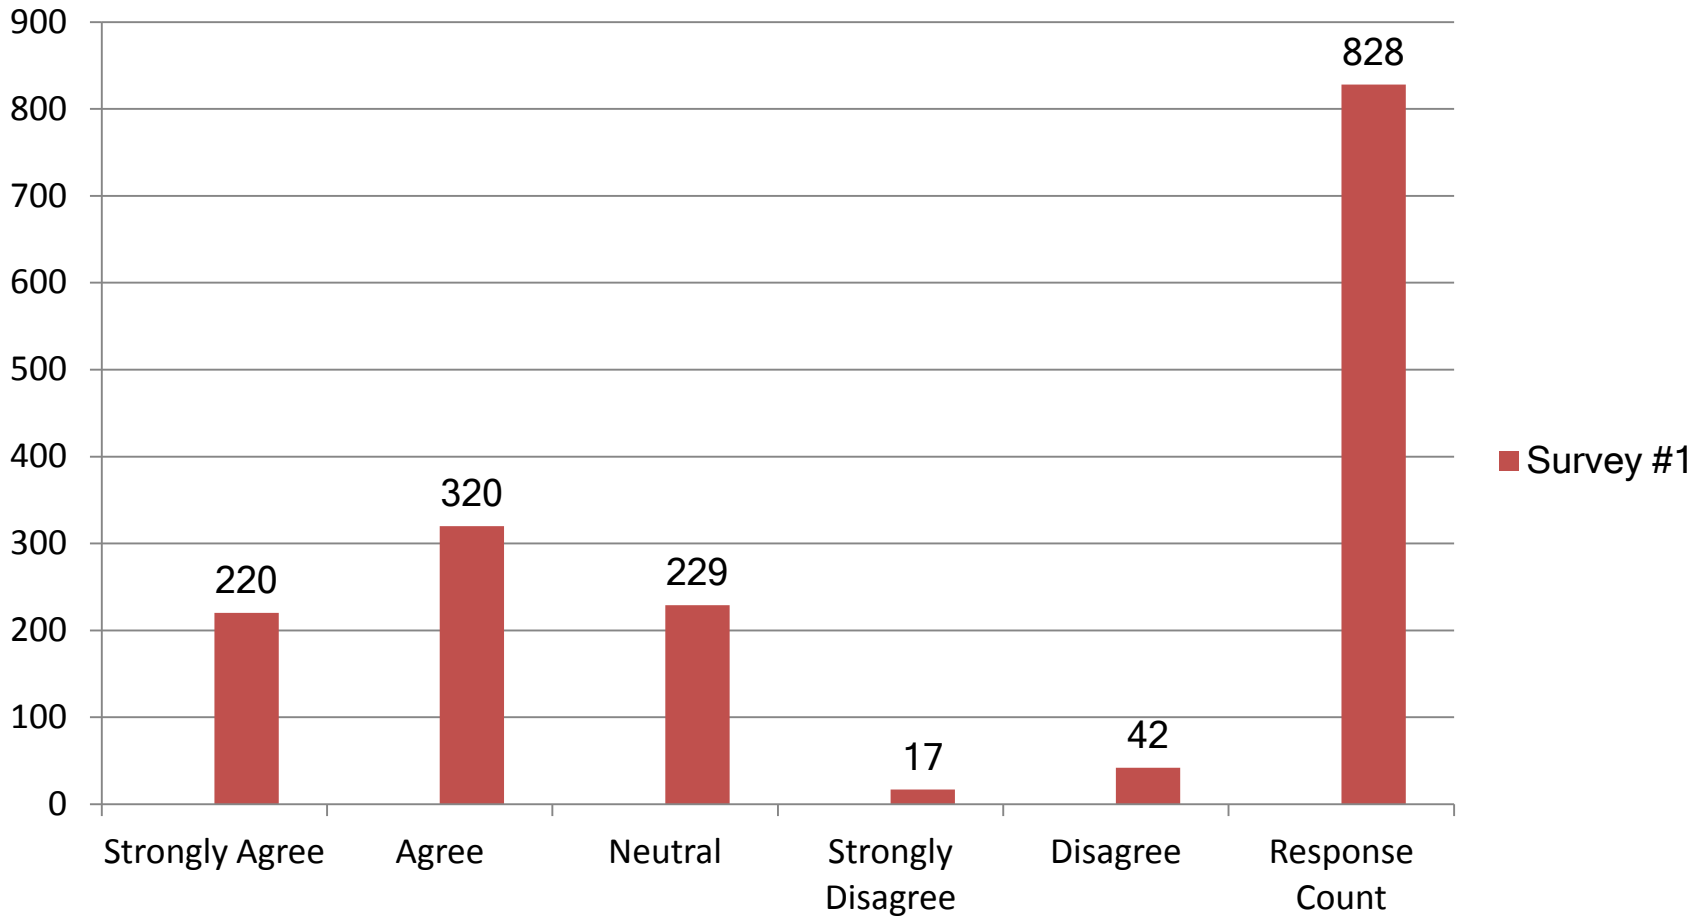

I use the Notification Preferences to receive information about my course(s)

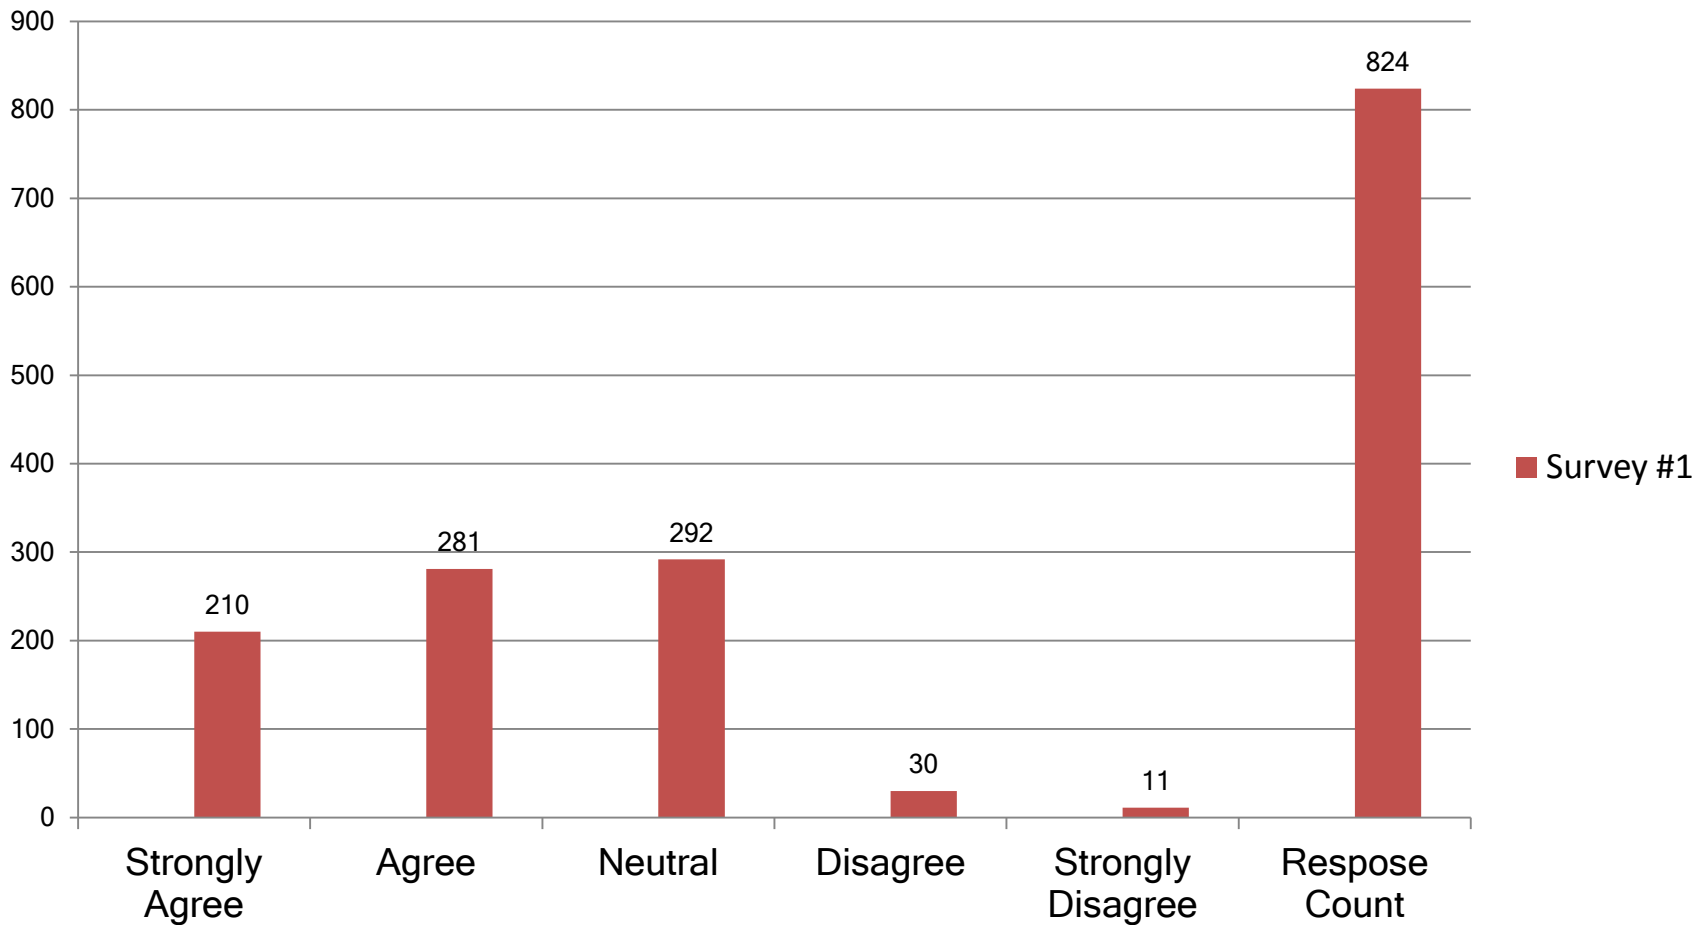

I am able to upload Assignments easily.

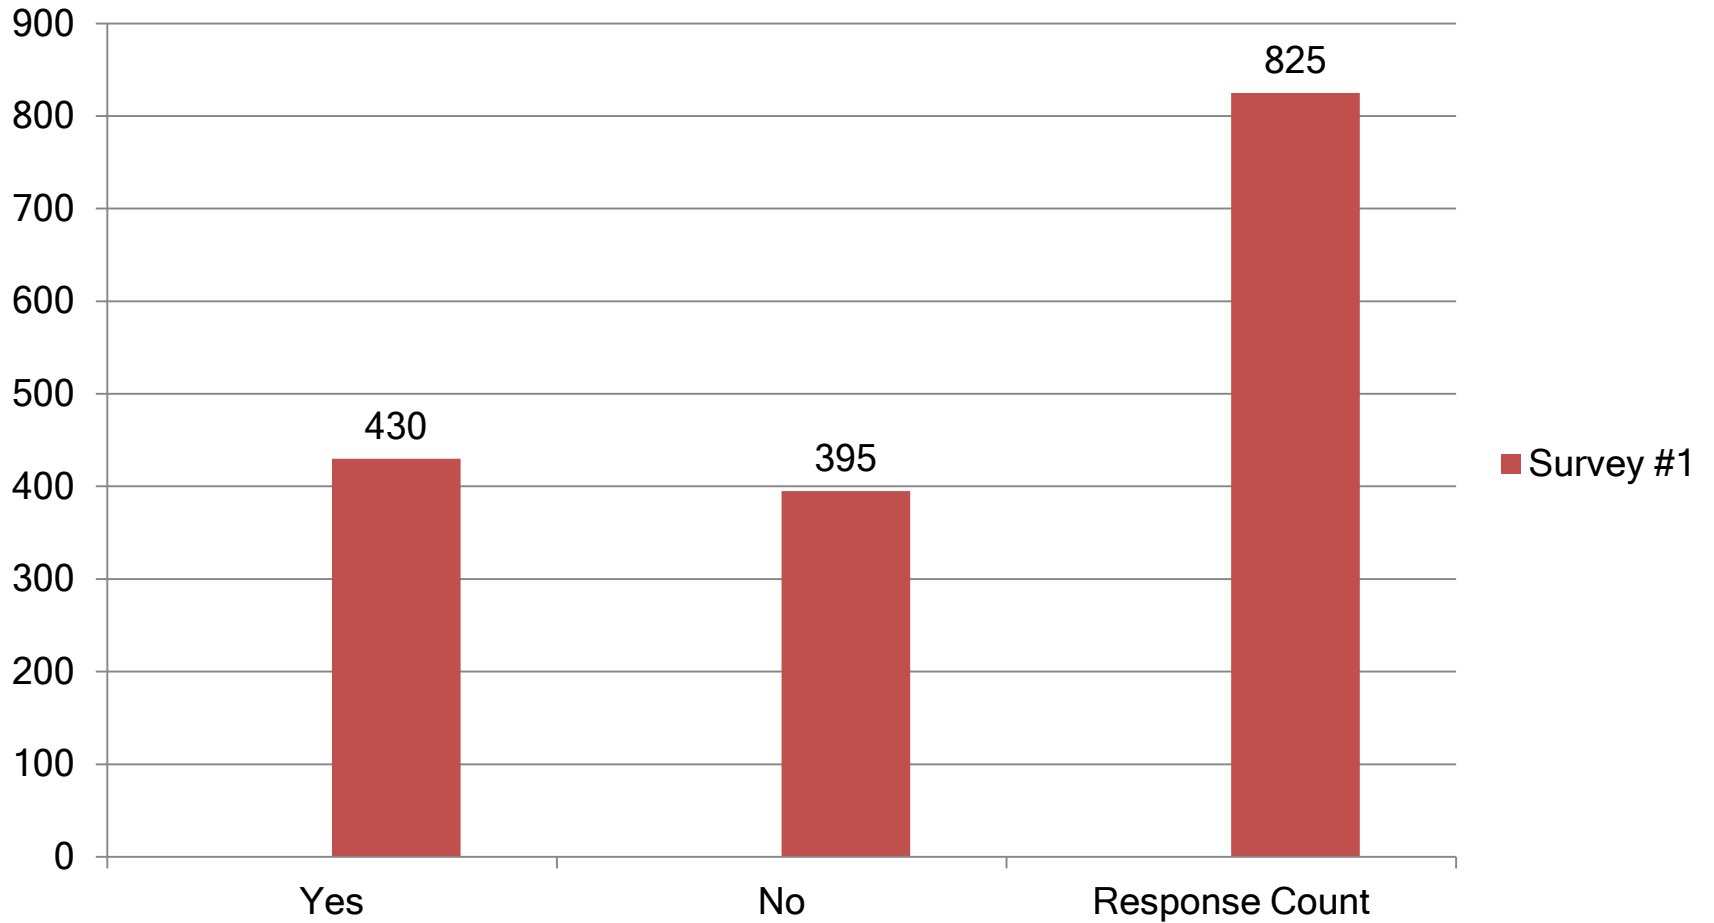

I like to use the Recent Activity in my course(s) to see any new activity.

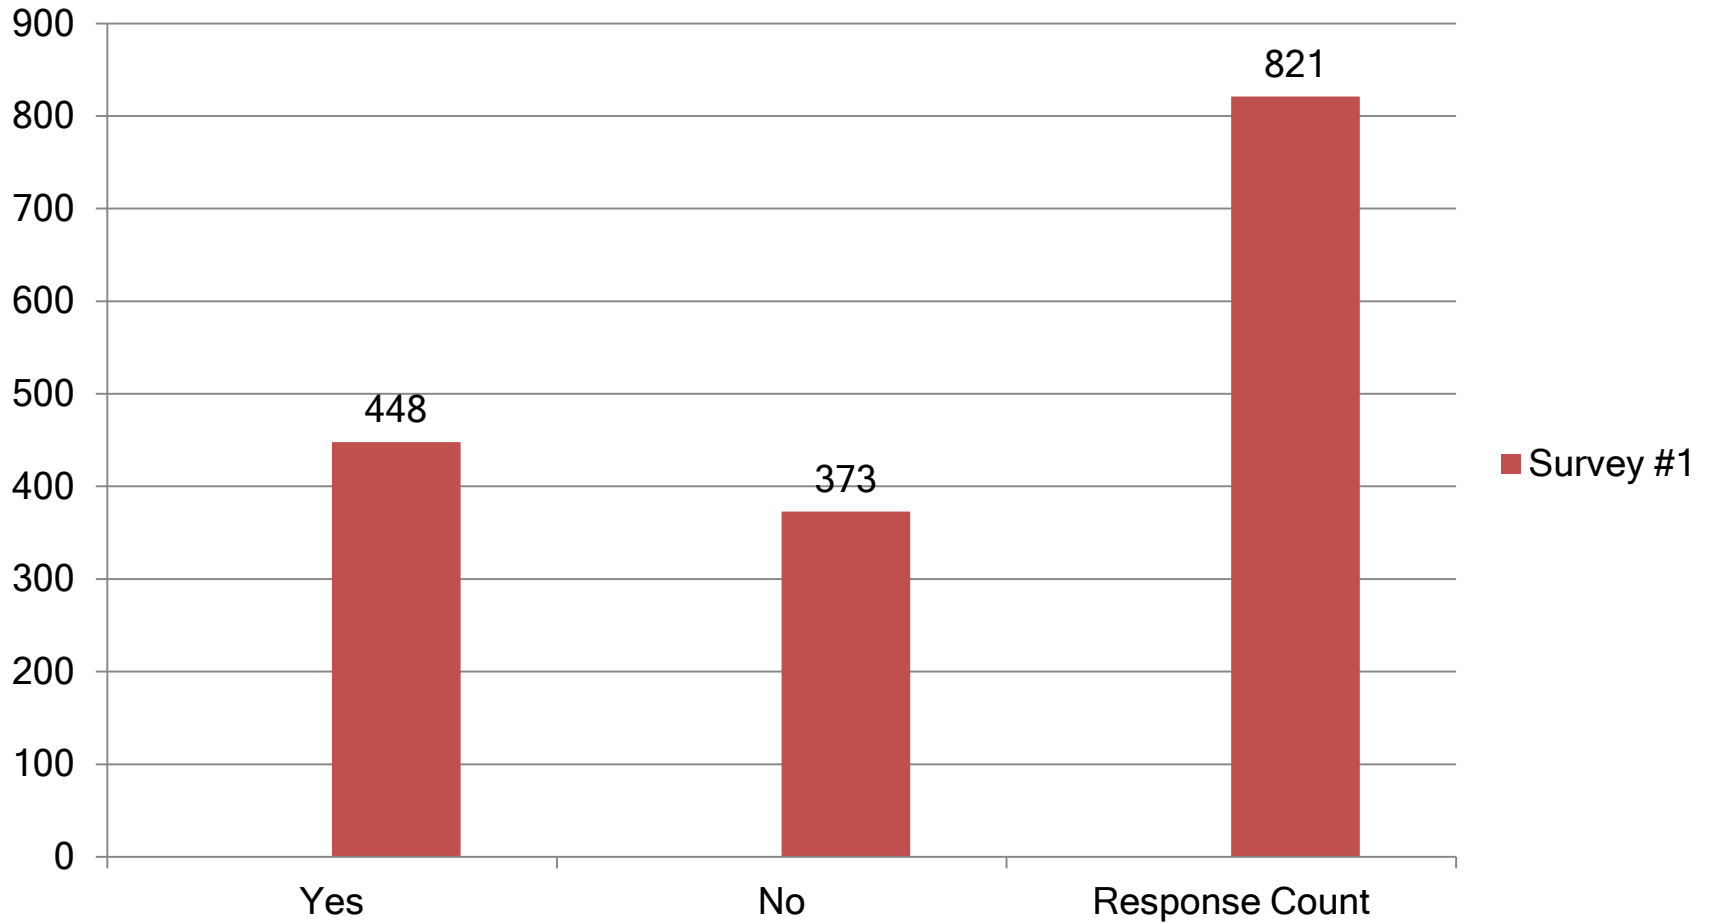

I like that I can either record or type a message in the Inbox.

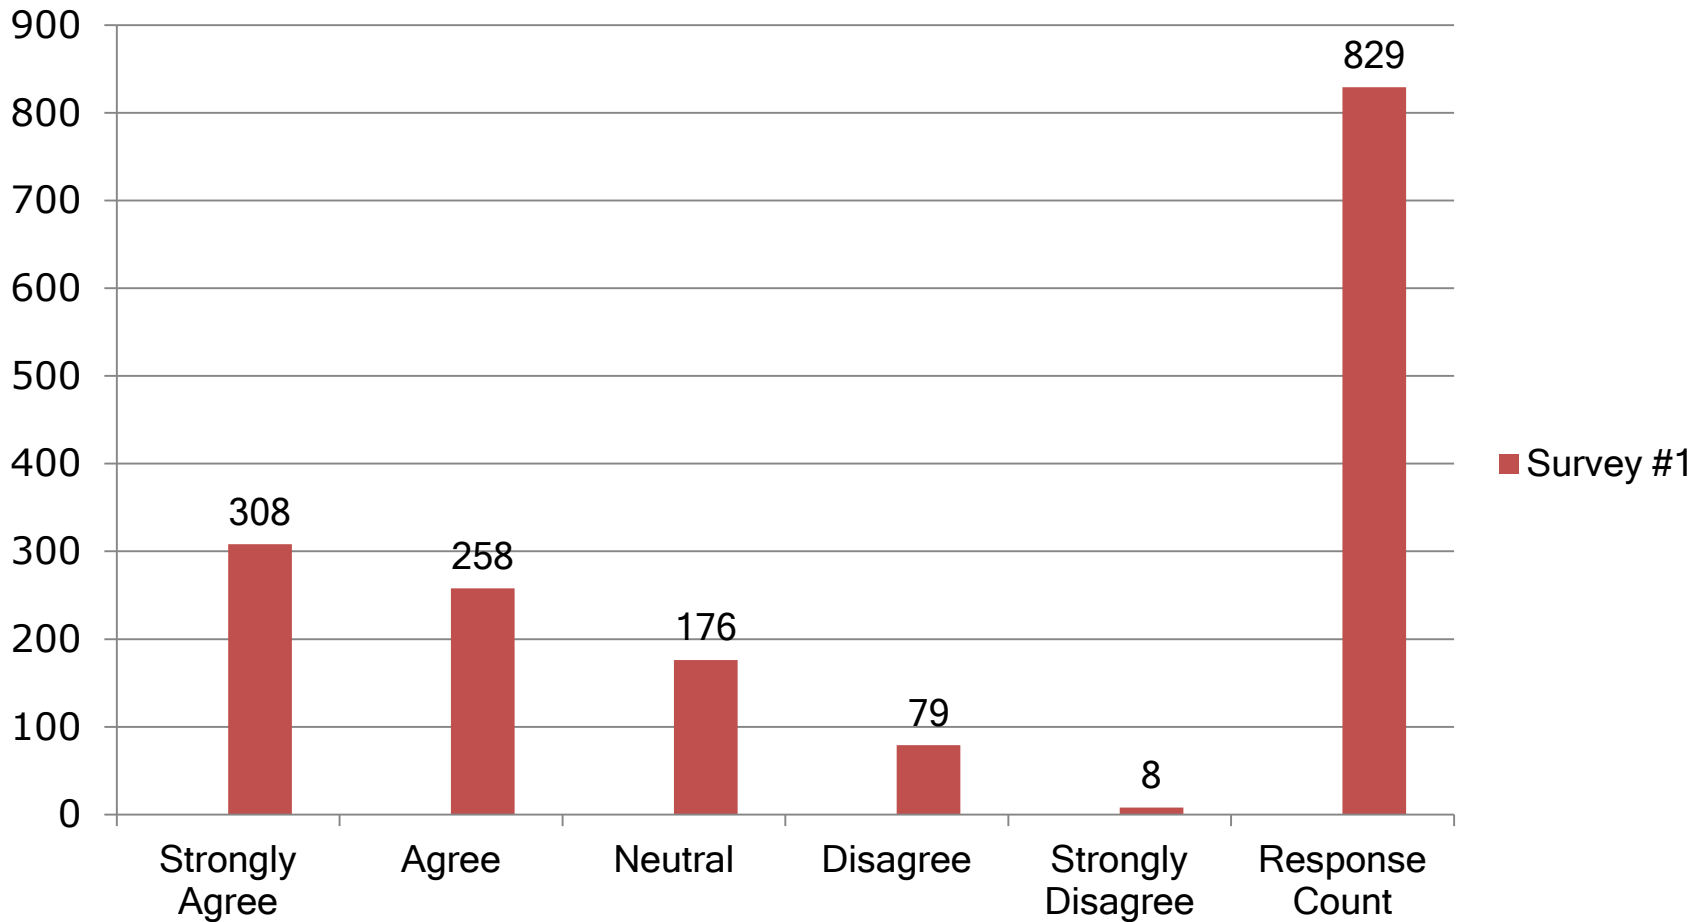

I have used the Discussion Board.

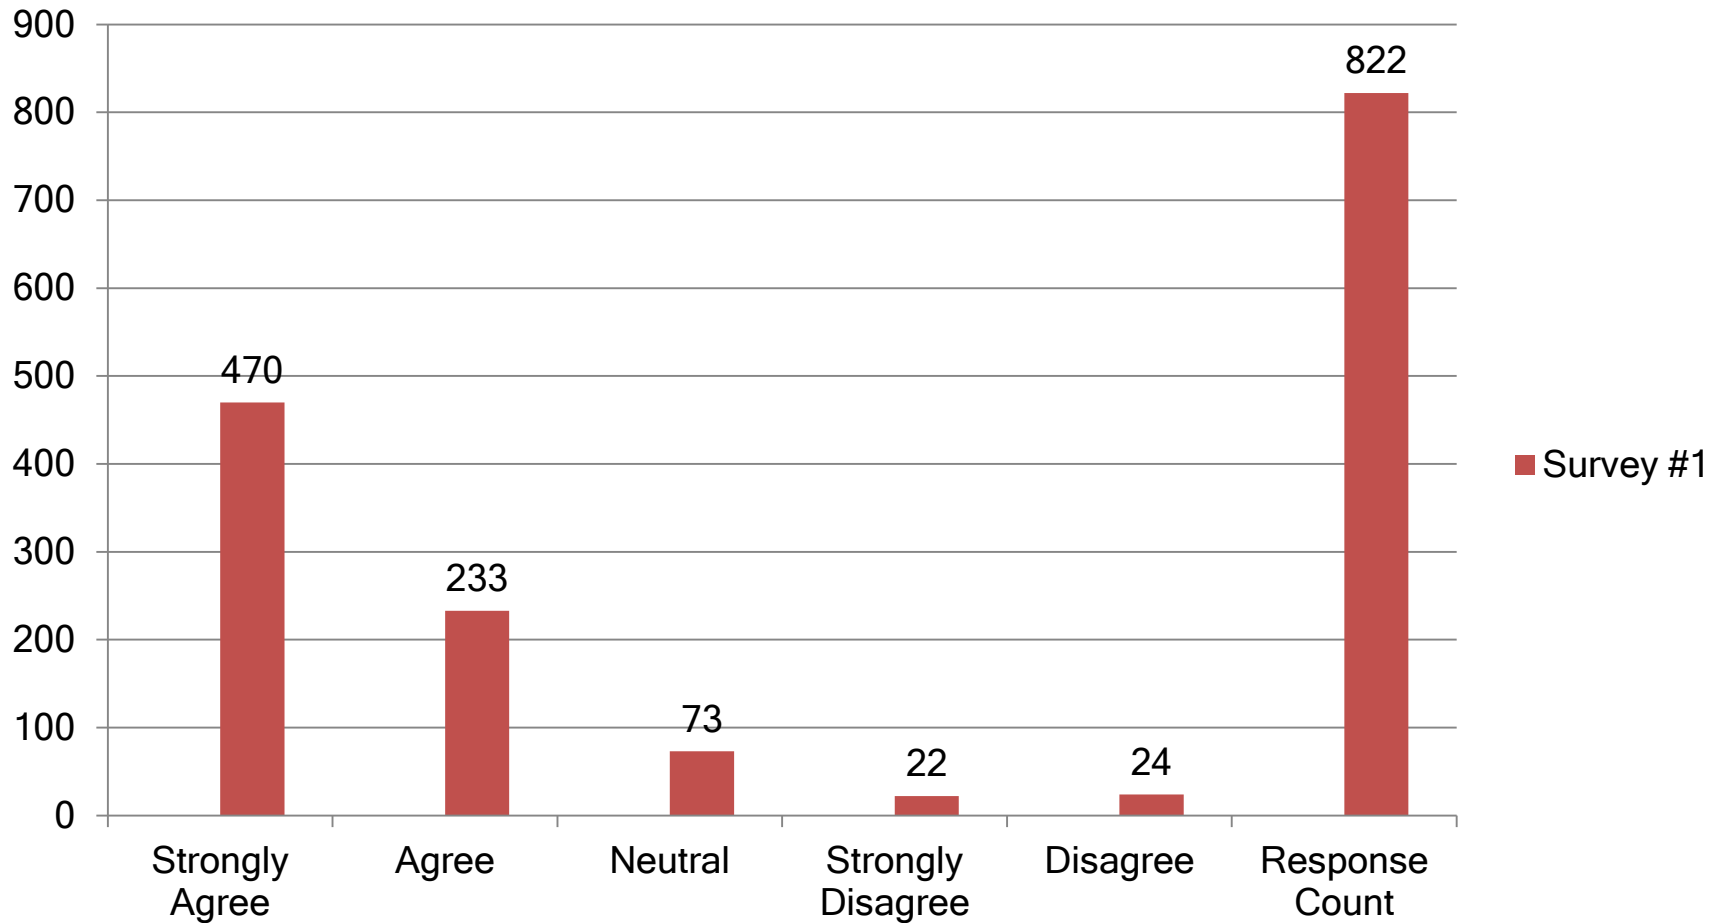

I have participated in a Group in Canvas.

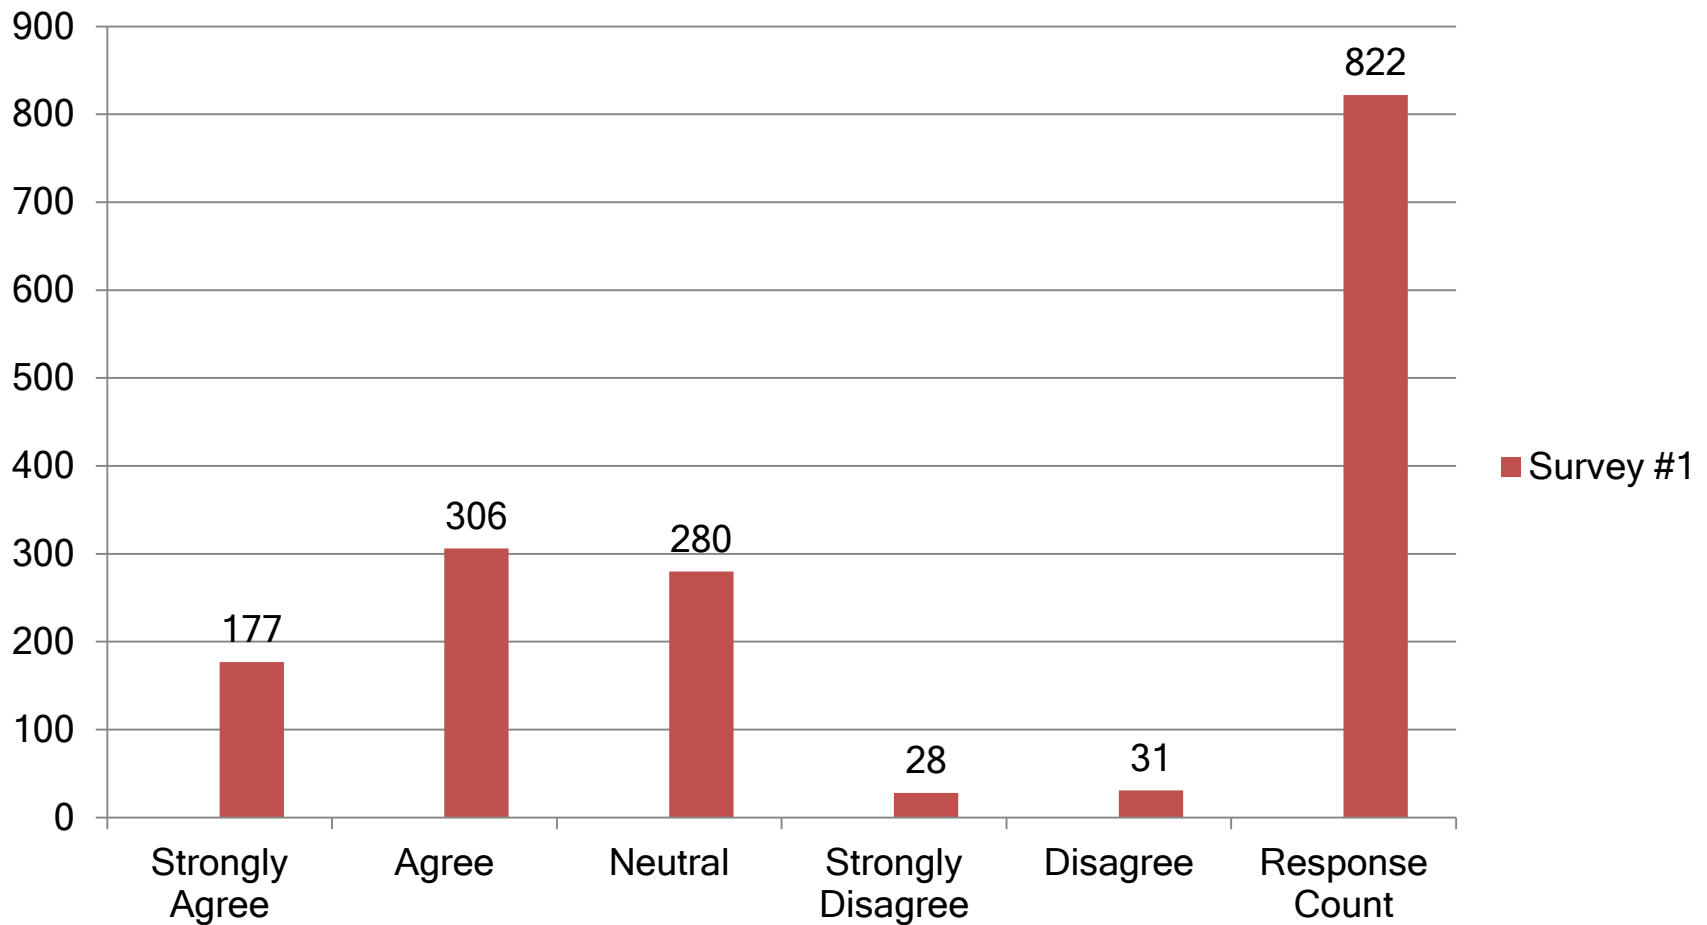

I like to use the Calendar feature to see when my work is due in my course(s).

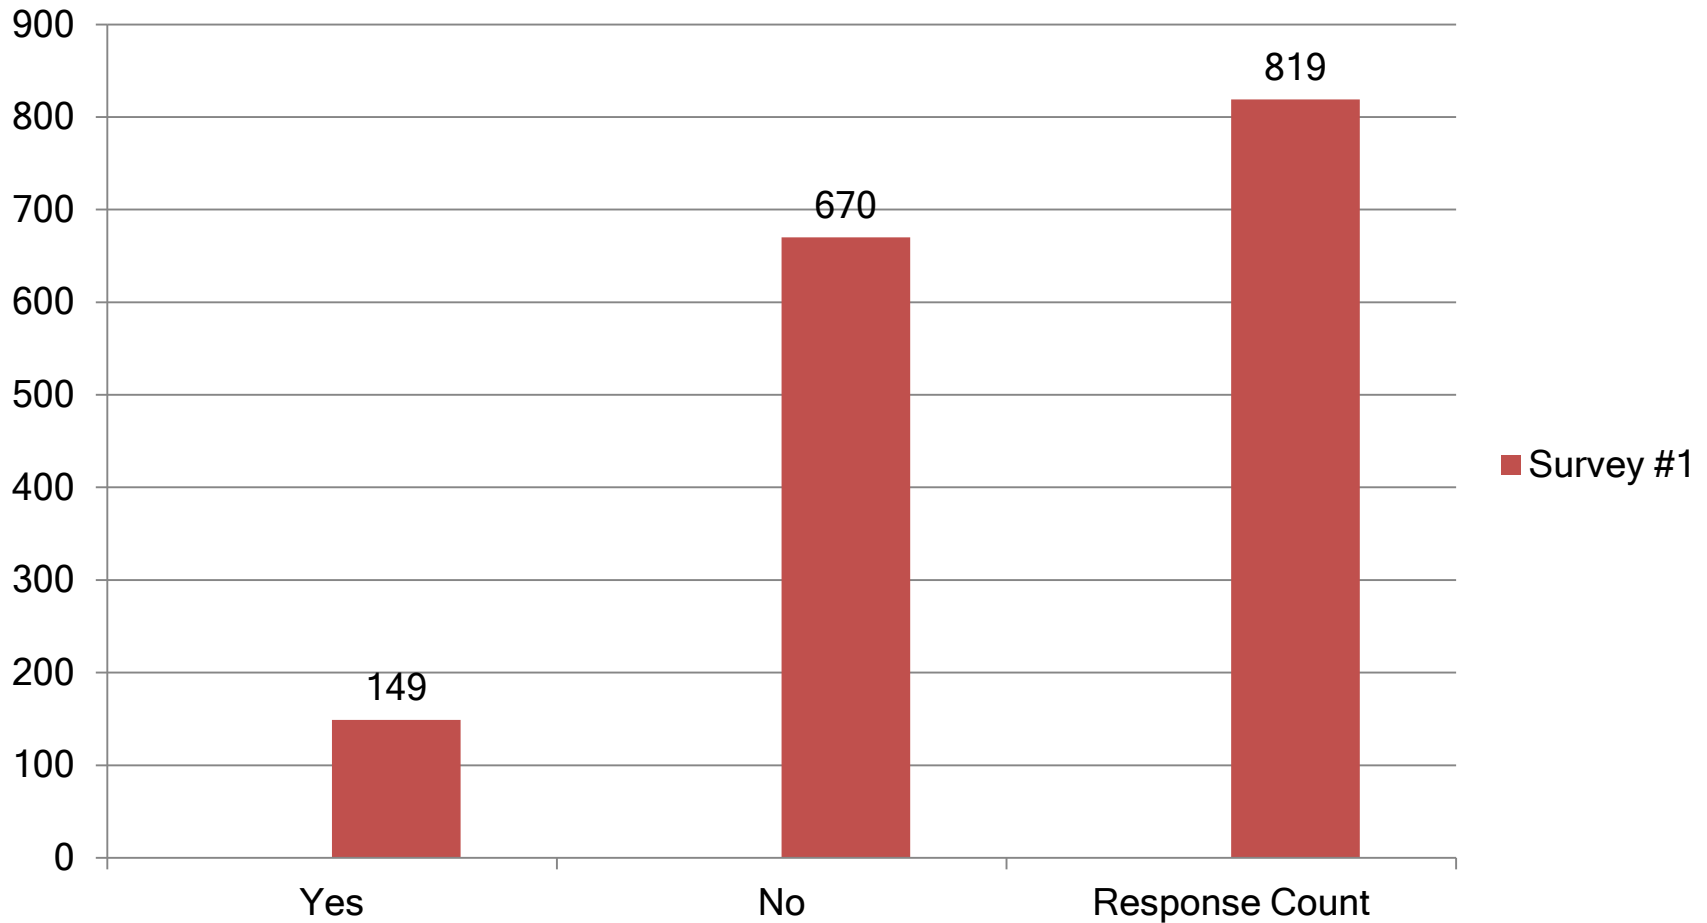

I think the Grades function helps me easily track my progress in the class.

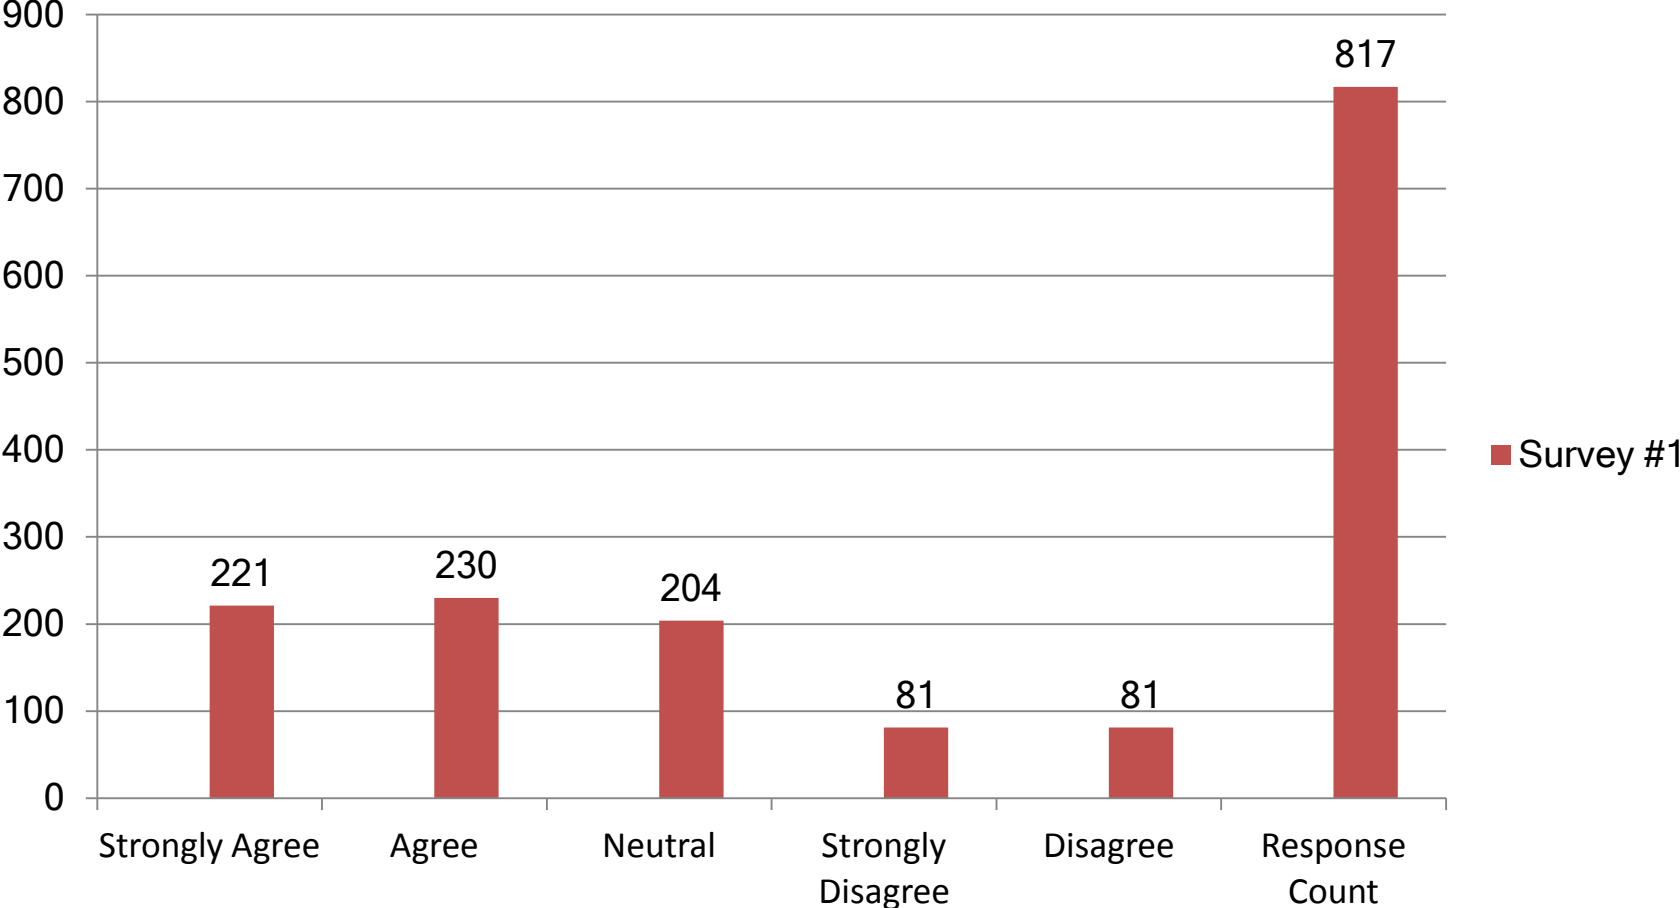

The communication features in Canvas enable me to communicate with other students in the class.

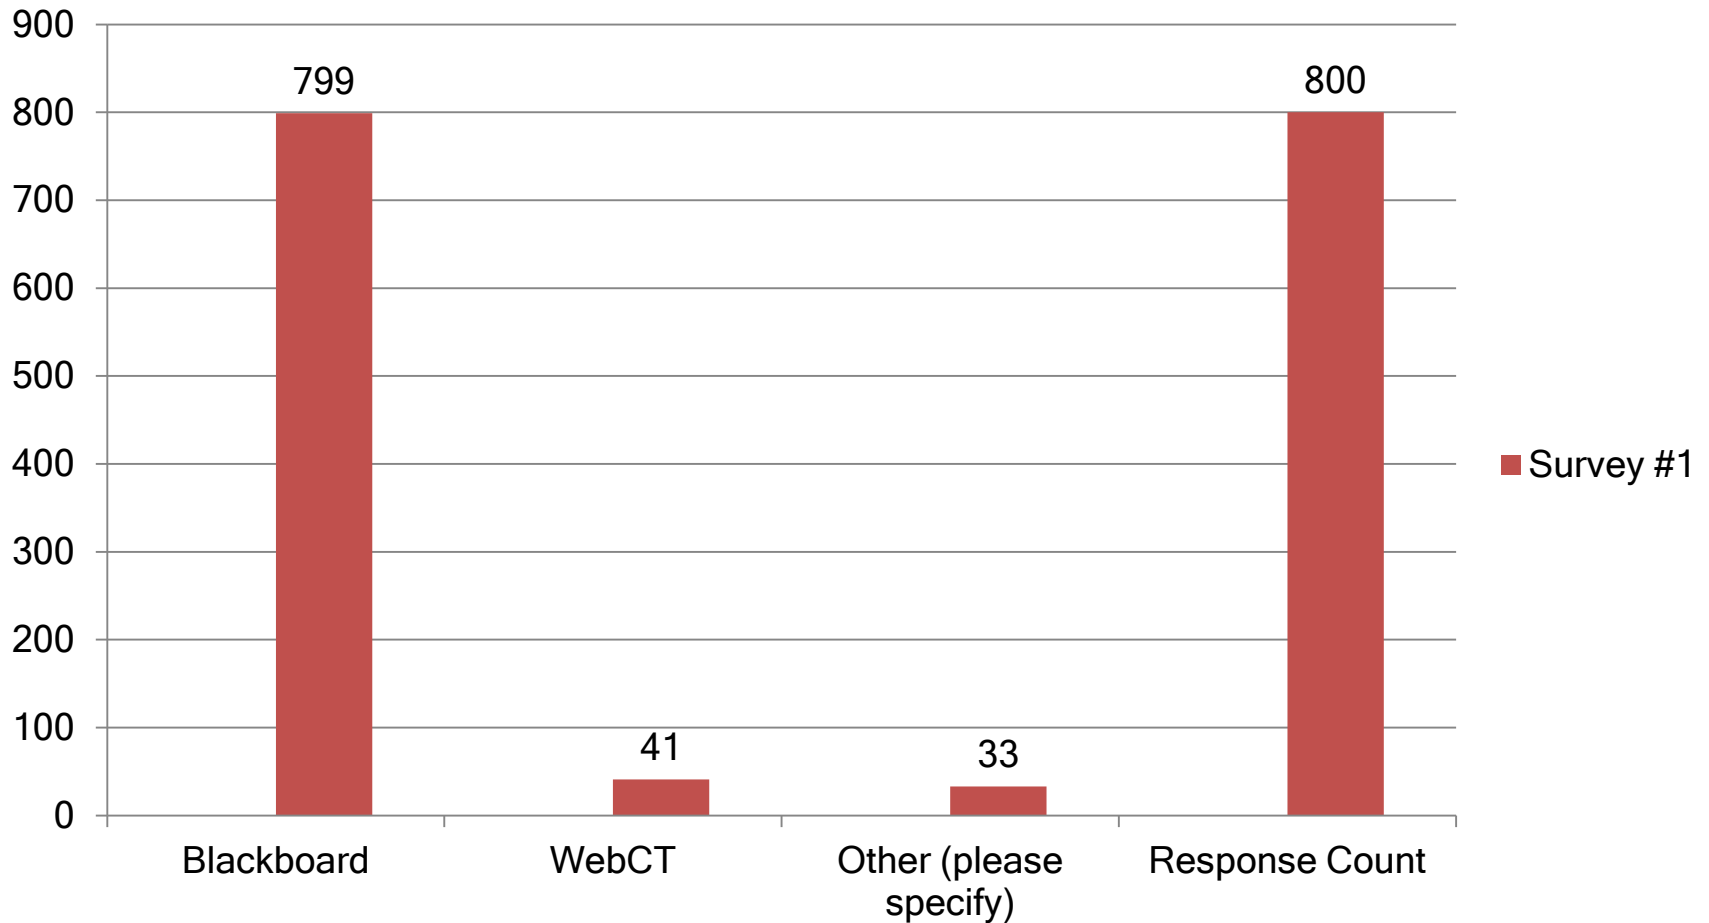

I have created an ePortfolio. (This is a feature within Canvas that can be accessed in the upper right corner when you are logged into Canvas.)

I am more comfortable with the look and feel and the way Canvas works than I am with other Learning Management Systems I have used (such as Blackboard, WebCT, etc.

Please select other Learning Management Systems you have used. Select all that apply.

Please indicate which of these features you used in your course(s).
