TOTAL ALL	3,206	1,008	2,198	68.56%	2,502	55	2,447	97.80%

*Note. Students are included in these data if they "complete" the Graduation Survey. Students who responded at the time of commencement that they were "looking for a job" were sent a follow-up survey six months post commencement. Those students who responded to the follow-up survey are included in the data set, and those students who do not respond to the follow-up survey are excluded from the data set.
