

## BG Perspective (BGP) Domain Assessment Data Summary

BG Perspective: 21st Century Liberal Studies (BGP) is a comprehensive general education program at Bowling Green State University (BGSU). Implemented in Fall 2015, it utilizes program learning outcomes (LOs) approved by the BGP Committee in academic year (AY) 2013-2014. All BGP courses illustrated alignment with the BGP LOs and identified course level assignments to assess these LOs. The BGP program emphasizes student mastery of domain-specific learning outcomes. The submission of student learning outcome assessment data guides the continuous improvement of the program and promotes student learning.

### Cultural Diversity in the United States (CD)

<i>BGP Learning Outcome</i>
<b>Recognize</b> the ways in which diverse cultures have shaped and continue to shape American life. (CD1)
<b>Explain</b> ways in which diverse cultures have shaped and continue to shape American life. (CD2)
<b>Examine</b> issues and challenges in cultural diversity in light of the perspectives of diverse cultures. (CD3)
<b>Compare</b> values of their own culture(s) with those of others. (CD4)

**Cultural Diversity in the United States (CD) Learning Outcome 1:** Recognize the ways in which diverse cultures have shaped and continue to shape American life.

**Cultural Diversity in the United States (CD) Learning Outcome 2:** Explain ways in which diverse cultures have shaped and continue to shape American life.

**Cultural Diversity in the United States (CD) Learning Outcome 3:** Examine issues and challenges in cultural diversity in light of the perspectives of diverse cultures.

**Cultural Diversity in the United States (CD) Learning Outcome 4:** Compare values of their own culture(s) with those of others.

## English Composition & Oral Communication (ECOC)

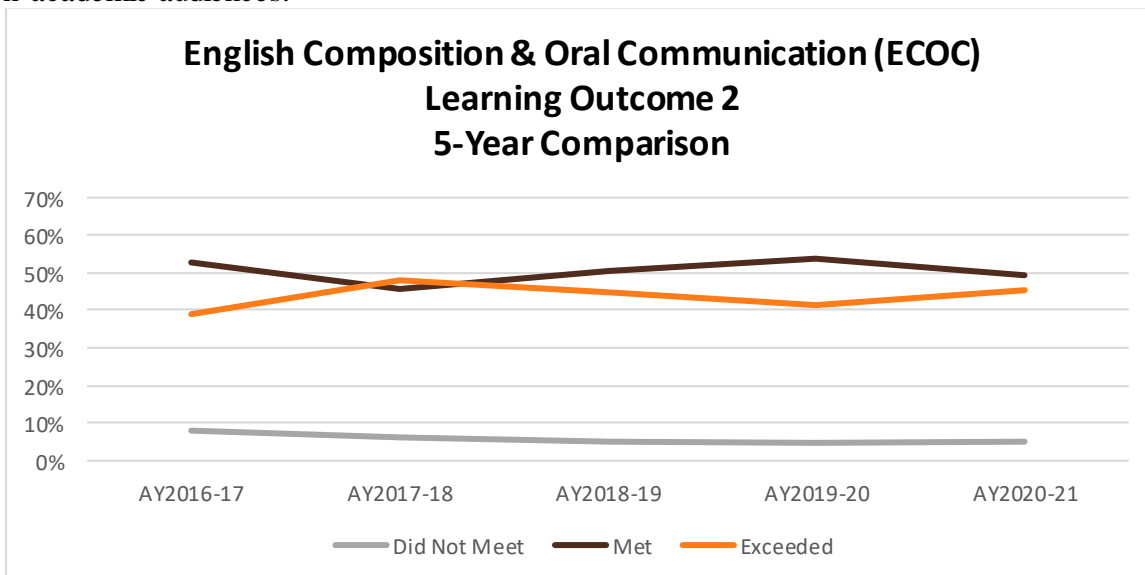

<i>BGP Learning Outcome</i>
<b>Formulate</b> effective, ethical written and/or oral arguments which are based upon appropriate, credible research. <b>(ECOC1)</b>
<b>Construct</b> materials which respond effectively to the needs of a variety of audiences, with an emphasis upon academic audiences. <b>(ECOC2)</b>
<b>Analyze</b> how the principles of rhetoric work together to promote effective communication. <b>(ECOC3)</b>
<b>Communicate</b> effectively when participating in small groups and/or making formal presentations. <b>(ECOC4)</b>
<b>Utilize</b> rhetorical strategies that are well-suited to the rhetorical situation, including appropriate voice, tone, and levels of formality. <b>(ECOC5)</b>
<b>Demonstrate</b> critical thinking, reading, and writing strategies when crafting arguments that synthesize multiple points of view. <b>(ECOC6)</b>

**English Composition & Oral Communication (ECOC) Learning Outcome 1:** Formulate effective, ethical written and/or oral arguments which are based upon appropriate, credible research.

**English Composition & Oral Communication (ECOC) Learning Outcome 2:** Construct materials which respond effectively to the needs of a variety of audiences, with an emphasis upon academic audiences.

**English Composition & Oral Communication (ECOC) Learning Outcome 3:** Analyze how the principles of rhetoric work together to promote effective communication.

**English Composition & Oral Communication (ECOC) Learning Outcome 4:** Communicate effectively when participating in small groups and/or making formal presentations.

**English Composition & Oral Communication (ECOC) Learning Outcome 5:** Utilize rhetorical strategies that are well-suited to the rhetorical situation, including appropriate voice, tone, and levels of formality.

**English Composition & Oral Communication (ECOC) Learning Outcome 6:** Demonstrate critical thinking, reading, and writing strategies when crafting arguments that synthesize multiple points of view.

## Humanities & the Arts (HA)

<i>BGP Learning Outcome</i>
<b>Apply</b> humanistic modes of inquiry and interpretation in the illustration of the discipline’s connection to human values. (HA1)
<b>Demonstrate</b> a fundamental critical understanding of the role of art, language and/or media in culture and society. (HA2)
<b>Examine</b> how the social and cultural contexts of creative endeavors arise over a variety of historical periods. (HA3)
<b>Illustrate</b> the development of verbal and non-verbal communication in the humanities and/or the arts. (HA4)

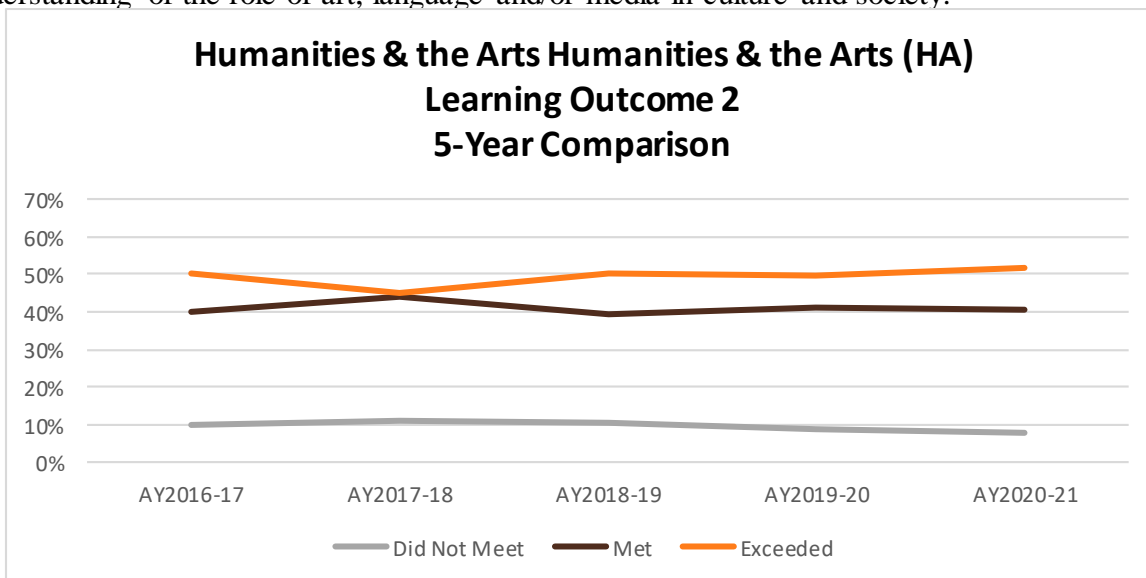

**Humanities & the Arts (HA) Learning Outcome 1:** Apply humanistic modes of inquiry and interpretation in the illustration of the discipline’s connection to human values.

**Humanities & the Arts (HA) Learning Outcome 2:** Demonstrate a fundamental critical understanding of the role of art, language and/or media in culture and society.

**Humanities & the Arts (HA) Learning Outcome 3:** Examine how the social and cultural contexts of creative endeavors arise over a variety of historical periods.

**Humanities & the Arts (HA) Learning Outcome 4:** Illustrate the development of verbal and non-verbal communication in the humanities and/or the arts.

## International Perspective (IP)

<i>BGP Learning Outcome</i>
<b>Explain</b> how international cultures affect world views or ways of thinking. <b>(IP1)</b>
<b>Explain</b> how world issues and/or international connections affect people’s lives and/or ways of life. <b>(IP2)</b>
<b>Analyze</b> problems and possibilities inherent in global economic, geographic, ecological, political, social, and/or technological systems. <b>(IP3)</b>
<b>Demonstrate</b> competency in speaking, reading, and/or writing a foreign language. <b>(IP4)</b>

**International Perspective (IP) Learning Outcome 1:** Explain how international cultures affect world views or ways of thinking.

**International Perspective (IP) Learning Outcome 2:** Explain how world issues and/or international connections affect people’s lives and/or ways of life.

**International Perspective (IP) Learning Outcome 3:** Analyze problems and possibilities inherent in global economic, geographic, ecological, political, social, and/or technological systems.

**International Perspective (IP) Learning Outcome 4:** Demonstrate competency in speaking, reading, and/or writing a foreign language.

## Natural Sciences (NS)

<i>BGP Learning Outcome</i>
<b>Describe</b> how natural sciences can be used to explain and/or predict natural phenomena. (NS1)
<b>Identify</b> misconceptions associated with the specific scientific discipline. (NS2)
<b>Explain</b> simple quantitative data and its limits relative to the study of science. (NS3)
<b>Demonstrate</b> the application of simple quantitative and/or qualitative data in the scientific process. (NS4)
<b>Solve</b> problems using one or more of the logical approaches of science. (NS5)
<b>Reflect</b> on the relevance of science to one's everyday life. (NS6)

**Natural Sciences (NS) Learning Outcome 1:** Describe how natural sciences can be used to explain and/or predict natural phenomena.

**Natural Sciences (NS) Learning Outcome 2:** Identify misconceptions associated with the specific scientific discipline.

**Natural Sciences (NS) Learning Outcome 3:** Explain simple quantitative data and its limits relative to the study of science.

**Natural Sciences (NS) Learning Outcome 4:** Demonstrate the application of simple quantitative and/or qualitative data in the scientific process.

**Natural Sciences (NS) Learning Outcome 5:** Solve problems using one or more of the logical approaches of science.

**Natural Sciences (NS) Learning Outcome 6:** Reflect on the relevance of science to one's everyday life.

## Quantitative Literacy (QL)

<i>BGP Learning Outcome</i>
<b>Interpret</b> mathematical and/or statistical models such as formulas, graphs, tables, and schematics, and draw inferences from them. <b>(QL1)</b>
<b>Represent</b> mathematical and/or statistical information symbolically, visually, numerically, and/or verbally. <b>(QL2)</b>
Use arithmetical, algebraic, geometric, and/or statistical methods to <b>solve</b> problems. <b>(QL3)</b>
<b>Estimate</b> and check answers to mathematical problems in order to determine reasonableness, <b>identify</b> alternatives, and <b>select</b> optimal results. <b>(QL4)</b>
<b>Recognize</b> that mathematical and/or statistical methods are based on assumptions and have limits. <b>(QL5)</b>

**Quantitative Literacy (QL) Learning Outcome 1:** Interpret mathematical and/or statistical models such as formulas, graphs, tables, and schematics, and draw inferences from them.

**Quantitative Literacy (QL) Learning Outcome 2:** Represent mathematical and/or statistical information symbolically, visually, numerically, and/or verbally.

**Quantitative Literacy (QL) Learning Outcome 3:** Use arithmetical, algebraic, geometric, and/or statistical methods to solve problems.

**Quantitative Literacy (QL) Learning Outcome 4:** Estimate and check answers to mathematical problems in order to determine reasonableness, identify alternatives, and select optimal results.

**Quantitative Literacy (QL) Learning Outcome 5:** Recognize that mathematical and/or statistical methods are based on assumptions and have limits.

## Social & Behavioral Sciences (SBS)

<i>BGP Learning Outcome</i>
<b>Describe</b> significant social and/or behavioral issues or questions using appropriate theories and evidence. (SBS1)
<b>Articulate</b> how the values of the social and/or behavioral sciences impact decision-making in contemporary society. (SBS2)
<b>Deconstruct</b> social and/or behavioral arguments critically, <b>refuting</b> logical and reasoning flaws inherent in them. (SBS3)
<b>Compose</b> written and oral arguments related to issues or questions in the social and/or behavioral sciences. (SBS4)
<b>Evaluate</b> evidence that supporting arguments and conclusions on each side of major social and/or behavioral issues. (SBS5)

**Social & Behavioral Sciences (SBS) Learning Outcome 1:** Describe significant social and/or behavioral issues or questions using appropriate theories and evidence.

**Social & Behavioral Sciences (SBS) Learning Outcome 2:** Articulate how the values of the social and/or behavioral sciences impact decision-making in contemporary society. (SBS2)

**Social & Behavioral Sciences (SBS) Learning Outcome 3:** Deconstruct social and/or behavioral arguments critically, refuting logical and reasoning flaws inherent in them. (SBS3)

**Social & Behavioral Sciences (SBS) Learning Outcome 4:** Compose written and oral arguments related to issues or questions in the social and/or behavioral sciences. (SBS4)

**Social & Behavioral Sciences (SBS) Learning Outcome 5:** Evaluate evidence that supporting arguments and conclusions on each side of major social and/or behavioral issues. (SBS5)
