Chrome River Approver Manual

BGSU uses Chrome River software for university employee expense reports for both pcard reconciliation and reimbursement requests. This system aims to make the process for reconciling financial transactions efficient and user friendly with electronic receipt options, exchange rates, expense mapping, electronic approvals, and quick reimbursements.

Introduction

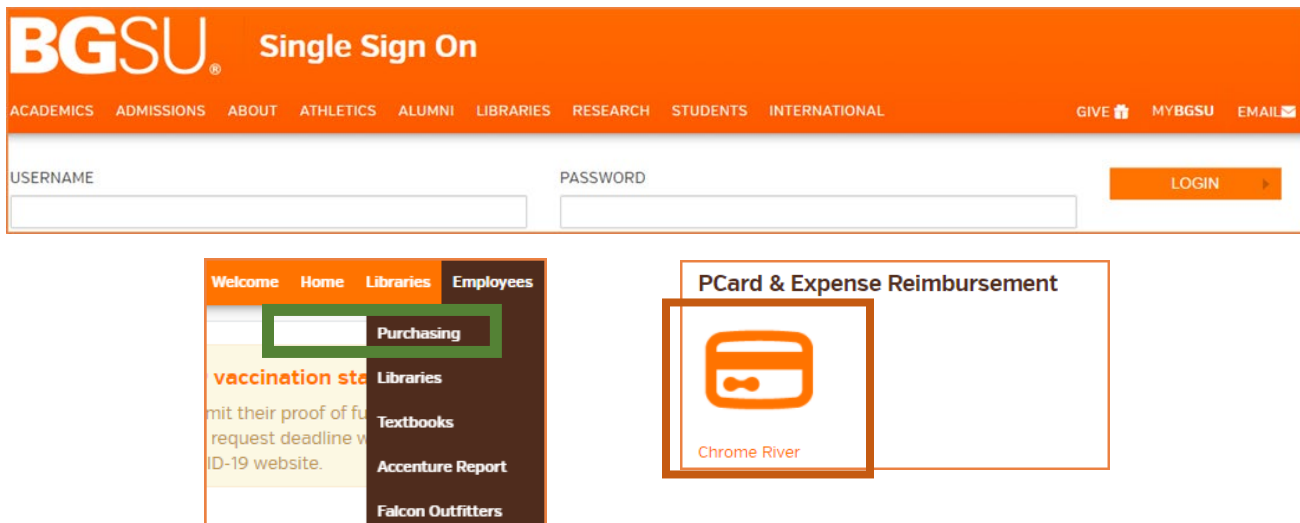

This manual is specific to Chrome River and serves as guidance from a systems perspective. Information and policies regarding travel and reimbursements can be located on the [Controller's Office](#) website. The Pcard Manual can be located on the [Purchasing](#) website.

Reports created in Chrome River are electronically routed to the appropriate approvers by email based on the budget used on the report. The system contains policy direction that includes violation warnings. Should any of these warnings be identified, it will open a text box requiring additional information pertaining to the potential violation. Additional approvals are required via the electronic workflow for certain Pcard transactions or reimbursable expenses. Approvers will also be alerted that a report has a potential policy violation.

Expenses entered in Chrome River will not post to the budget until all necessary approvers have approved the report. Requests for reimbursements cannot be processed on the same report with Pcard transactions.

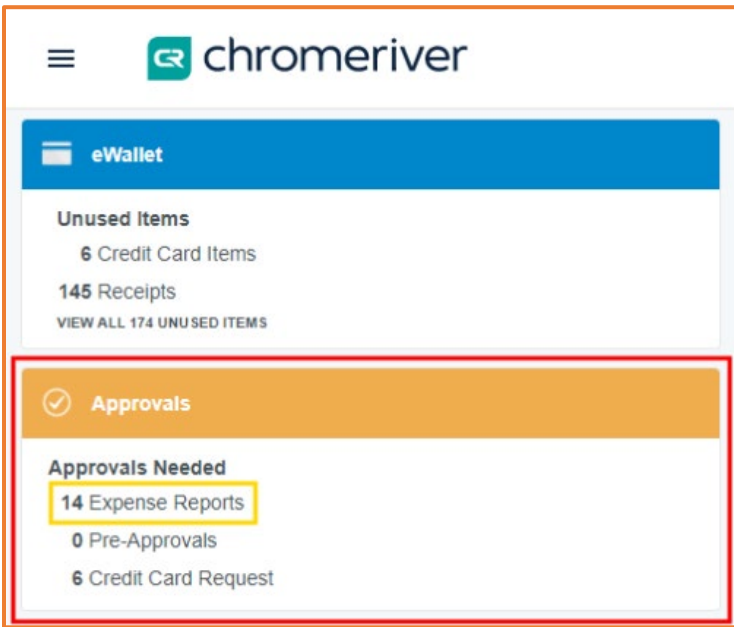

Logging In to Chrome River

To access Chrome River, visit <https://my.bgsu.edu>. Use your University username and password to log in. If you have difficulty accessing the site, email tbachma@bgsu.edu for assistance.

Approve in Chrome River

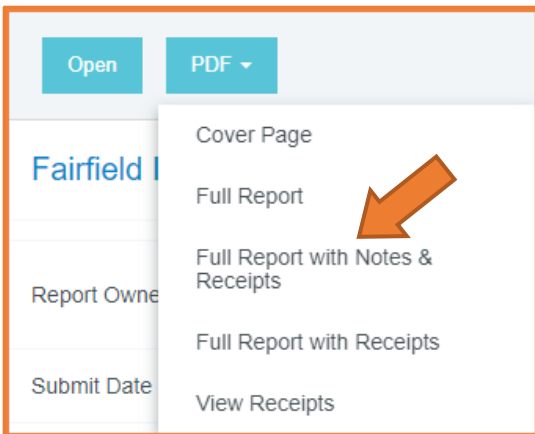

Items awaiting approval, are visible in yellow notification bar on the Dashboard. Click on the number of expense reports to be taken to the Approvals list.

Select a report in the list. Click Open or PDF.

The PDF option shows a Full Report with Notes & Receipts to easily view all information and attachments about the expenses.

The PDF will open in another window. Select the document to view, and the Chrome River tab to return to the approval screen.

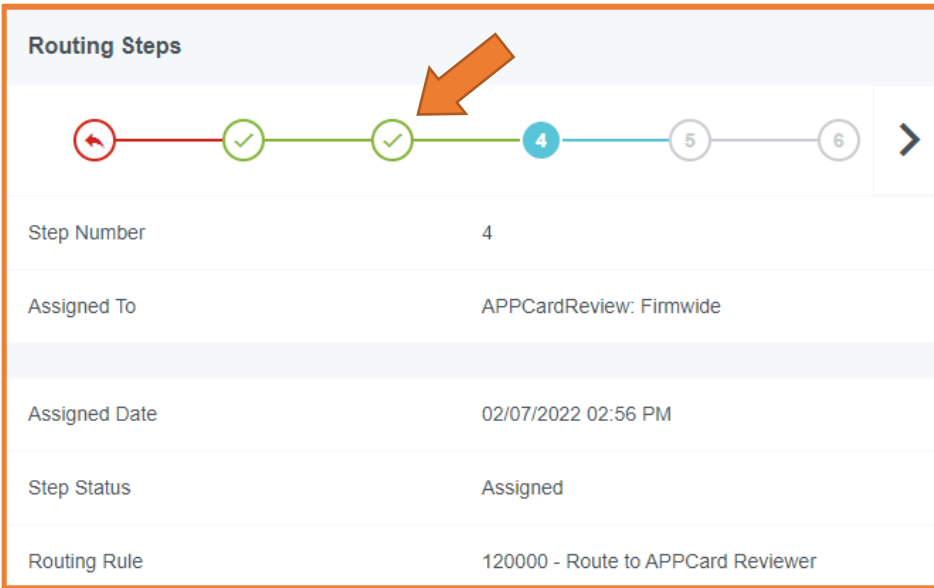

Selecting RETURN or APPROVE in the preview immediately rejects or approves all line items on the report.

Tracking

Tracking shows the previous approval history of this report. Select the circles to review the name of the previous or future approver.

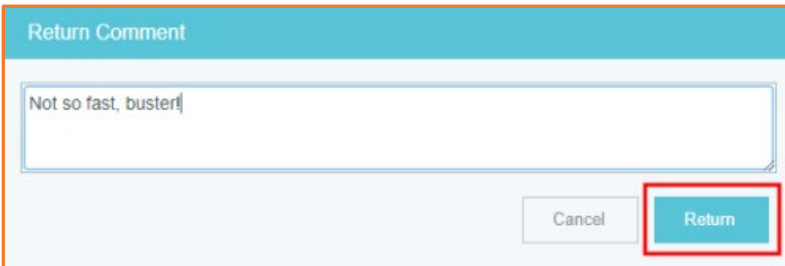

The 'Routing Steps' interface shows a horizontal sequence of six numbered circles (1-6) connected by lines. Step 1 is a red circle with a left-pointing arrow. Steps 2 and 3 are green circles with checkmarks. Step 4 is a blue circle with the number '4' inside, and an orange arrow points to it. Steps 5 and 6 are grey circles with the numbers '5' and '6' inside. A right-pointing arrow is at the end of the sequence. Below the sequence is a table with the following data:

Step Number	4
Assigned To	APPCardReview: Firmwide
Assigned Date	02/07/2022 02:56 PM
Step Status	Assigned
Routing Rule	120000 - Route to APPCard Reviewer

Return

Click RETURN. Complete the required comments about why the report is being returned and select RETURN. All the line items on the report will be sent back to the expense owner.

The 'Return Comment' form has a light blue header. Below it is a text input field containing the text 'Not so fast, buster!'. At the bottom right are two buttons: 'Cancel' (grey) and 'Return' (light blue, highlighted with a red border).

Approve

Click APPROVE again to confirm. All the line items on the report will move to the next step in the approval process.

The 'Approval Confirmation' form has a green header. Below it is a text input field containing the text 'I hereby approve this report.'. At the bottom right are two buttons: 'Cancel' (grey) and 'Approve' (green, highlighted with a red border).

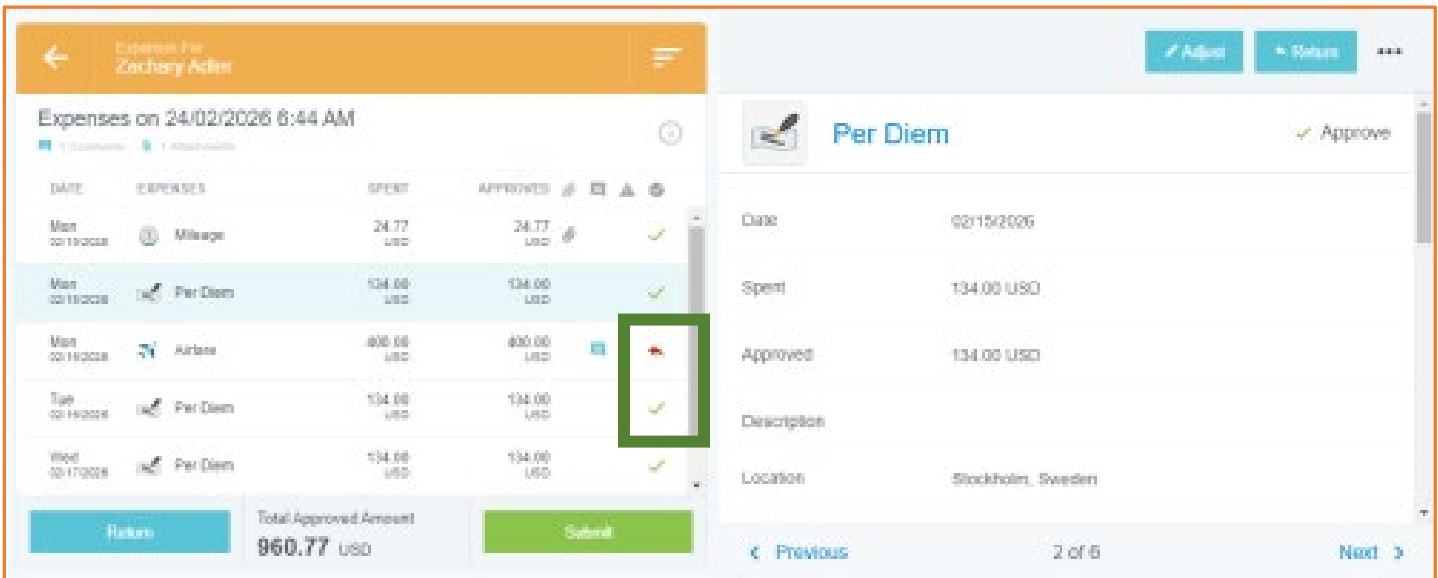

To return line items individually, open the report by double-clicking on it in the Approvals list. Select OPEN.

Then, select the line to be Returned or Adjusted.

Unless they have compliance warnings, line items are marked with a green check mark by default. If the line-item has been returned or reassigned, it will be noted by a red arrow.

Reports with red triangle mean there is a compliance warning on the report. Select Open, then select the triangle to view the warning.

02/09/2022	66.16 USD	▲
02/09/2022	233.40 USD	▲
02/14/2022	1,041.88 USD	✓
02/15/2022	657.27 USD	✓

Clicking ADJUST will allow the approver to change certain information on the line item. Changes require a note to be added. The approver may decide whether to notify the expense owner of the adjustment. Click SAVE.

Approve via Email

Chrome River will generate emails to the approvers when an expense report is ready for approval. Approvers may approve or return ALL expenses via email—any line-item adjustments must be made in Chrome River online.

- **Accept:** This creates a new email that must be sent to instantly approve all line items on the report.
- **Return:** This creates a new email that must be sent to instantly reject all line items on the report.

To add questions or comments, simply type them in the body of the email, above the forwarded text, then click SEND.

Email approvals may only be sent from your primary Chrome River account email address.

Note: Certain mobile devices may auto-populate the email "From" field with the default email address for the device, rather than the email address to which the approval notification was sent. Be sure the "From" field contains your primary Chrome River account email address before you click SEND on your approval or return email.

Approval Delegate

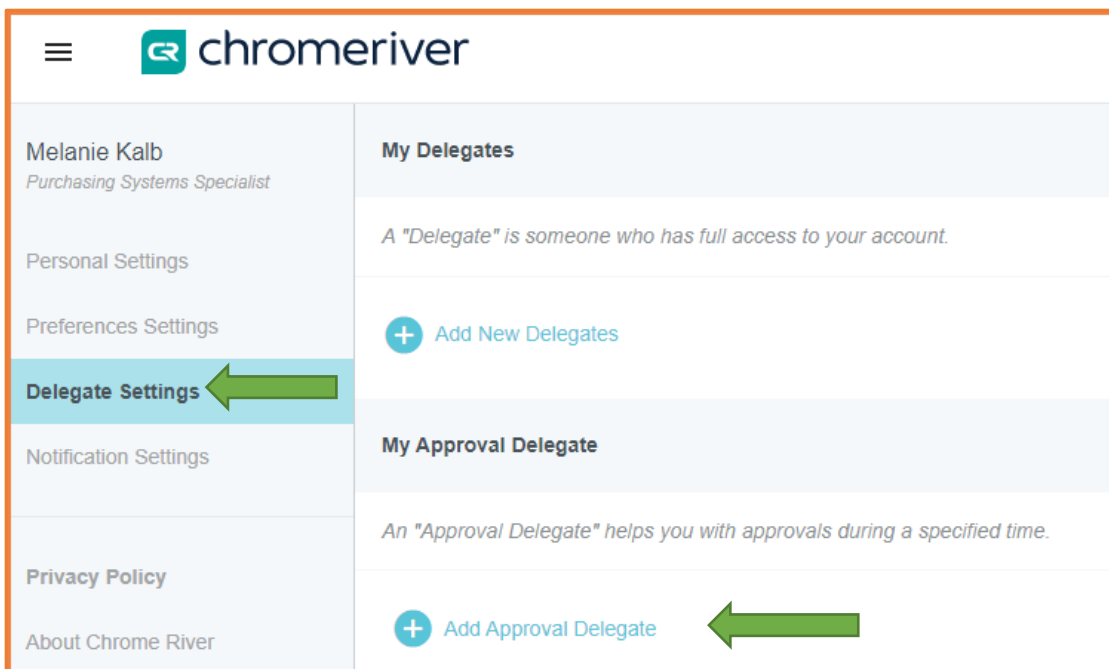

You may assign an alternate Approver if you are on Vacation or cannot Approve. The navigation bar remains at the top of the screen. This allows quick access to return to the home screen or dashboard.

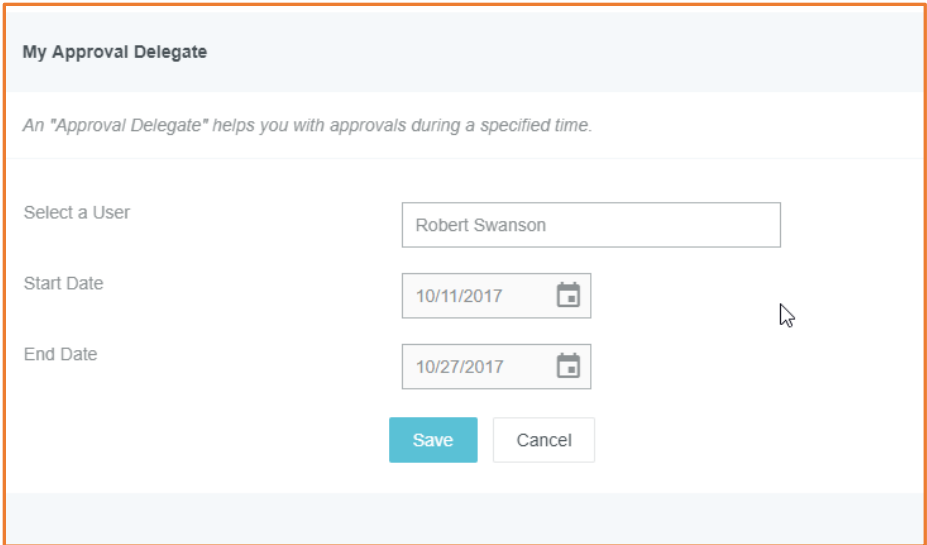

Click on your user profile. Select Account Settings.

Click on Delegate Settings. Click on Add Approval Delegate.

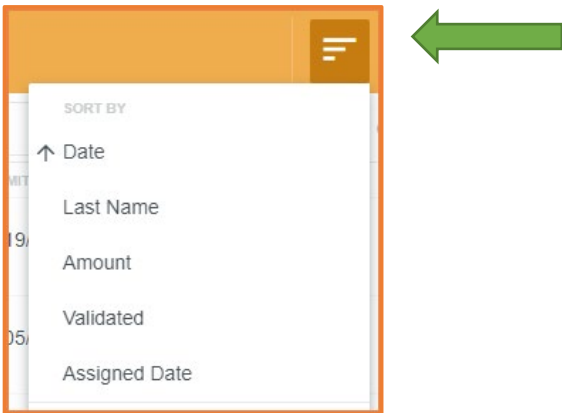

Begin typing the name of the individual in the Select a User text box. This will create a user search, select the username when it appears. Add a Date Range and Click Save. If the username does not appear, then the individual is not currently a user in the Chrome River system. Email tbachma@bgsu.edu for assistance.

Approval Sort Options

Click on the Sort Menu

Sort by Date, Last Name, Amount, Validated, or Assigned Date.

Or, sort by the Expense Owner or the Report ID.
