keep all proceeds. Hot beverages could include; coffee, teas, cider, etc.).

The following are basic policies that are required to be followed to minimize the transmission of food borne disease. Some or many of these guidelines may not be applicable to your specific event.

**General Policy Statements: Food Sales**

  • The sale of perishable foods requires the approval and licensing of the Wood County
Health Department. "Perishable foods" should be considered as those which because of
their composition are considered potentially hazardous in their potential to transmit food
borne disease pathogens. Such foods include: meats, items containing dairy products,
eggs, and other foods that contain protein.
  • Rental groups have full control of food sales within Recreation and Wellness facilities as
long as BGSU safe food handling policies have been followed. Note: Recreation and
Wellness has the authority to allow/deny all food requests.
  • Any food served to the public on the BGSU campus must be managed according to
BGSU’s safe food handling policies. These policies can be found at this link underneath
food service: http://www.bgsu.edu/public-safety/bgsu-police/special-event-services/bgsu-policies.html
  • All events where food is to be sold or requires a donation must be evaluated by
Environmental Health and Safety to determine if a temporary food service license must
be purchased from the Wood County Health Department for that event.
  • If a BGSU student organization event involves a request for food brought in from a
source other than University Dining Services, a “Standard Food Policy Exception Form”
must be processed. The exception will not be approved unless all required signatures are
secured at least one week in advance.
  • The approval of the food service exception is the responsibility of the facility manager(s)
or designee of the specific facility/area where the service is being provided and/or facility
manager(s) responsible for the reservation of that area. Within Recreation and Wellness,
those facility manager(s) are:

Student Recreation Center .........................Dave Hollinger ............ 419-372-7477
