UNDERGRADUATE RESEARCH PRESENTATION AWARDS
Application Guidelines

Program Overview
The Undergraduate Research Presentation Awards Program provides financial assistance to undergraduate students who will present the results of their research or creative works at professional conferences, exhibits, or performances. Students must present their own research or creative work as the primary (first) author, exhibitor, or performer. The awards are funded by the Office of the Provost and disbursed through the Center for Undergraduate Research and Scholarship.

Eligibility
Any student whose results of their research or creative activities have been accepted through peer-review at a professional conference or juried exhibit/performance and who will be enrolled as a full-time (12 hours) BGSU undergraduate student at the time of the presentation is eligible to apply. The work presented must be the result of independent research or other creative activity by the student (i.e., not a class project) under the guidance of a BGSU faculty mentor. The faculty mentor is required to submit a concise letter in support of the student's application. If the presentation involves results from collaborative work, the faculty mentor should confirm that the primary contribution was by the student applicant. Supporting evidence of conference/exhibit acceptance should clearly identify the student applicant as the primary (first) author and presenter, exhibitor, or performer. A student may receive only one award per academic year.

Application
Application for an award must be made prior to attending the conference. The application consists of a completed Application Form, a copy of the letter of acceptance from the conference/exhibit, and a concise letter of support from the faculty mentor. In this letter, the mentor should: elaborate on the nature of the conference, exhibit, or performance; indicate how this experience will impact growth of the scholarly or creative capabilities of the student; and outline the faculty mentor’s role in this project. Also, Department and College endorsement of the application is requested, and financial assistance from the Department and/or College will be viewed as a favorable endorsement of the activity. A maximum of $200 may be requested

Awards may be given for less than the amount requested.

Evaluation and Notification
Applications will be evaluated and funding decisions made on a rolling basis with typical turnaround time of two weeks. Notification of the decision will be sent to the student and the faculty mentor by email. It is anticipated that 10 to 15 awards will be available per semester.

Disbursement of Funds
Approved students must contact Denise Vollmar at (419)372-8502 or dvollma@bgsu.edu for an appointment to complete all travel-related paperwork at least 10 business days before departing for the conference/exhibit. Be certain to retain all original receipts relating to your conference attendance, including registration, airfare, hotel, car rental, etc.

Expectations
Upon return, students must submit a brief (typed, single-page) summary of their experience(s) including an evaluation of the impact of their participation on their educational and/or career goals within two weeks to CURS.
Submission
You must submit your completed application at least (4) weeks before the start date of the conference/exhibit for consideration to the CURS office in 209E Harshman.

Application Checklist
Include the following materials with your application:

☐ A letter of recommendation from faculty mentor of your research or scholarly work, or a letter from a faculty member who recognizes the importance of this presentation if you did not have a mentor for your project;

Note: Your letter of recommendation should be sealed in an envelope signed by its recommender.

☐ Please provide an overview of the importance of your project to your field of study. Please include, the relevance of your research experience and presentation at a national conference to your overall educational and professional goals; (500 words or less)

☐ The abstract describing your research as it was submitted to the conference/organization hosting the conference;

☐ Summary of expenses anticipated associated with attending the conference. This will include airfare, conference registration fees, land-travel, and accommodations;

☐ Other sources of support for this travel, if any;

☐ Copy of the acceptance notification you received

If you have any questions about the application process for the CURS Travel Grant, please contact Chris Mitchell at cmitche@bgsu.edu or (419)372-5401.
