WINDOWS | We do not provide window dimensions. Window sizes fluctuation too much throughout the building. All windows come with blinds. If you want to bring curtains, they can only be hung for decorative purposes with a tension rod. Curtains cannot be closed and cannot hang over the heating units that sit under most windows for fire safety purposes.

Please note: These measurements were taken by hand and could be off slightly. These dimensions are provided for planning purpose. If you are purchasing something that you need guaranteed measurements for, we recommend making your purchase after you arrive to campus.
