RE: Resolution 2015/2016—02

On Monday, December 7, 2015 the Undergraduate Student Government Senate passed Resolution 2015/2016—02. The Resolution is a statement formally supporting the promotion of a Sustainability Pledge at Bowling Green State University. This Sustainability Pledge will further the Undergraduate Student Government's commitment to supporting the Climate Action Plan.

As the body representing the undergraduate student voice, we believe the Sustainability Pledge is important to promoting environmental awareness and sustainable actions. I have signed into effect the legislation that notes the Undergraduate Student Government's stance on this issue.
